Distinguished Budget Presentation Award

PRESENTED TO

City of Boynton Beach
Florida

For the Fiscal Year Beginning

October 01, 2023

Christopher P. Morrill

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Boynton Beach, Florida, for its Annual Budget for the fiscal year beginning October 1, 2023. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communications device.

The award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its edibility for another award.

Budget Summary

ABOUT BOYNTON BEACH

Known as "America's Gateway to the Gulfstream," Boynton Beach is a full-service municipality, providing every city service (not limited to Sanitation, Fire & Rescue, Police, Utility, etc.) for its residents and visitors. Located in the heart of southeast Florida, in the center of Palm Beach County; Boynton Beach is a coastal community consisting of 16.5 square miles that includes four miles of the Intracoastal Waterway.

The City has direct access to the Florida Turnpike via Boynton Beach Boulevard and three I-95 exits. The City lies within close proximity to Palm Beach International Airport (14 miles) and Fort Lauderdale/ Hollywood International Airport (37 miles). The closest seaports are Port of Palm Beach (21 miles) and Port Everglades (36 miles). The Tri-Rail commuter train makes a stop in the City that connects the rider to Palm Beach, Broward and Miami-Dade Counties.

The average annual air temperature in the Palm Beaches is 75° F. The warmest months are usually between June thru September. While January and February are the coolest. September or October can be the "wettest" month. The highest recorded temperature was 101°F in 1942 and the lowest recorded temperature was 24°F in 1894.

FORM OF GOVERNMENT

The City of Boynton Beach is the third largest municipality in Palm Beach County with a population of approximately over 80,000 residents. The City of Boynton Beach's five elected officials include four district commissioners for a three-year term and a mayor-at-large serving a maximum of two (three-year) terms. The City Commission creates the strategic plan for the City, adopts legislation, approves the City's budget, sets taxes and fees, and appoints the City Attorney.

The City Commission appoints a City Manager, who, with a team of more than 10 department directors, 1 Assistant City Manager, a Deputy City Manager, a Fire Chief, and a Police Chief, manages the day-to-day operations for over 80,000 residents and thousands of visitors each year. Various volunteer advisory boards that augment staff, created and member-appointed by the City Commission. The City's collaborative partners—the Boynton Beach Community Redevelopment Agency (CRA) and the Greater Boynton Beach Chamber of Commerce—also assist in the success of the City.

HISTORY

The City was founded in 1894 by Major Nathan Boynton, a native of Port Huron, Michigan, who had a distinguished career in the American Civil War (pictured to the right).

Major Boynton and his workmen brought their families from Michigan and settled in the, yet to be named, new town of Boynton. In the early years of our city, settlers began building what was to become Boynton Beach. Boynton Beach was incorporated in 1920.

BOYNTON BEACH TODAY

Boynton Beach possesses many natural assets that set the stage for numerous leisure, recreation and active lifestyle pursuits because of its tropical climate. The City of Boynton Beach invests a great deal of resources to ensure that residents and visitors have access to its 253 acres of municipal parks, beach and natural conservation lands.

The City operates 9 recreation centers, 31 parks, a swimming pool, a municipal beach, and many youth, teen, adult and senior programs. Various facilities offer over 200 recreational programs, classes and events for all ages – from toddlers to seniors. Supplementing its recreational indoor facilities are tennis courts, pickleball courts, and basketball courts, playgrounds, fitness centers and a pool. Additionally, one of the four Boynton Beach ocean inlets provides public boat ramps, paddle boating and kayak rentals. In addition, the City operates a municipal golf course, which features both an 18-hole Championship Course and 9-hole Family Course. It also operates a state-of-the-art library.

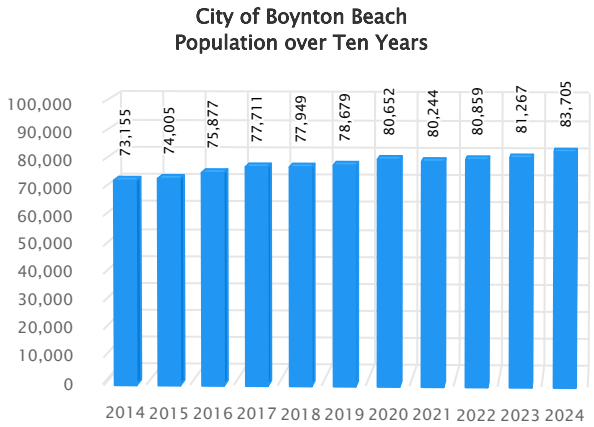
Boynton Beach has one of two working full-service marinas in Palm Beach County. Owned and operated by the Community Redevelopment Agency (CRA), the Boynton Harbor Marina offers fishing and scuba diving charters, jet-ski and boat rentals and an eclectic collection of waterfront restaurants.

The City embraces Art and culture; there are approximately 85 arts displayed throughout the City (including the new Arts & Cultural Center) as part of the Arts in Public Places program. Boynton Beach is home to the world-famous International Kinetic Art Exhibit and Symposium. The kinetic art pictured on this page is part of the biennial event and supports the Boynton Beach Art District's many events, including monthly art walks. In addition, the City hosts more than 80 annual events, including Pirate Fest, Movies in the Park, Blarney Bash, Earth Day, Holiday Parade, Boat Parade and 4th of July Fireworks over the Intracoastal Waterway.

There are four public elementary schools in Boynton Beach, including a gifted center; a S.T.E.M. curriculum based school that has been awarded Best Elementary School in the nation for the past two years; an International Baccalaureate (IB) school. Its middle school is a Math, Science and Technology Magnet providing aerospace science, dance, theater, vocal, culinary arts, early childhood and I.T.S. academies, as well as an aviation maintenance technician school. Supplementing the public schools are five private schools, five charter schools and several pre-schools. There are 12 post-secondary institutions within 67 miles of Boynton Beach, including Florida Atlantic University, Florida International University, Palm Beach Atlantic University, Palm Beach State College and the University of Miami.

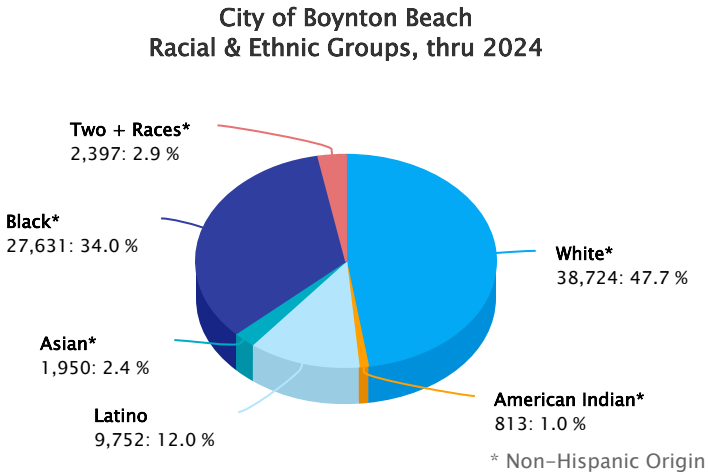
The City is addressing the biggest challenges of this century – sustainability, energy and climate change. Being sustainable means meeting the needs of the present residents without compromising the ability of future citizenry to meet its needs while balancing environmental stewardship, social responsibility, and economic growth. The pursuit of sustainability has governed the direction of Boynton Beach since 2008 when the City Commission involved employees, citizens and local businesses in creating policies and programs to promote sustainability.

DEMOGRAPHICS

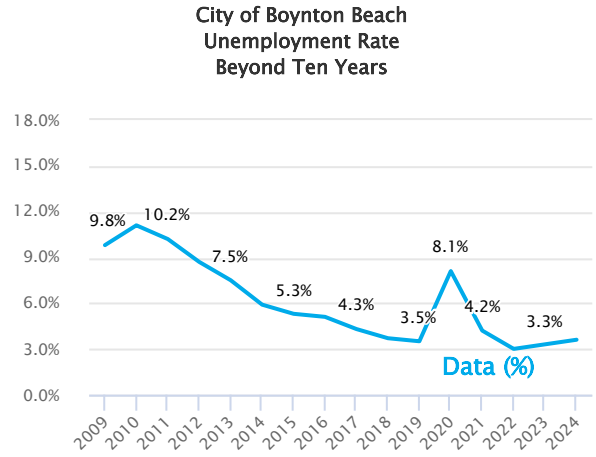


In 2020, the U.S. Census counted 80,657 people in Boynton Beach. The 2008 recession contributed to a considerable slowdown of the City's population growth: over a five-year period between 2017 and 2024, Boynton Beach grew by 9.4%. For FY 2024-25, the population is projected to be approximately 83,705. For FY 2024-25, with an overall area of 16.2 square miles, the city's population density is over 5,000 persons per square mile.

According to the most recent American Community Survey, the City's population has a median age of 41, with about 28% of persons 60 years or older. Per the Census Bureau, approximately 13.6% of the population is foreign-born. Per capita income of the City's residents is $33,054, with a median household income of $61,293. In terms of education, 49% of the population has a High School Diploma Equivalent or higher.



ECONOMIC CONDITIONS AND OUTLOOK



On average, Boynton Beach's unemployment rate was 4.2% in 2021. At the start of 2020, prior to the COVID-19 pandemic, the unemployment rate in the City was approximately 3.5%. As the pandemic began to impact the U.S. economy in March and April of 2020, unemployment in the City rose as high as 8.1%. According to the Bureau of Labor Statistics, the City's unemployment rate as of September 2024 is 3.6%. The chart pictured to the left shows the average annual unemployment rates through 2024.

As of the second quarter of 2024, the median price for a single-family home in Florida was $389,000.

2024-25	9,826,138,737	7.64%	7.8000

It has taken fourteen years for the City's current taxable value of $9,826,138,737 to to surpass the 2008 value of $6,131,757,196. The upward trend began in FY 2015-16 when the taxable value was $2015-16. The Palm Beach Property Appraiser is forecasting higher taxable value going forward. The increase in taxable value supported the City's decision to lower the adopted millage rate for FY 2024-25 at 7.8000 per $1,000, changed from the previous year a decrease of .05 mills. Historically, the tax rate ranged from a low of -.0199 mills in FY 2012-11 to a high of 8.2270 mills in FY 2001-2002 (not shown). The City of Boynton Beach will benefit from this positive trend of increased taxable values and a stable millage rate.

The City of Boynton Beach has approved and completed several development projects with others currently under construction or will start construction in 2024 - 2025. The projects include:

FY 23-24 completed development projects :

- NTS Gymnastics
- Charley's Cheesesteaks and Wings
- Cargo World
- The Connie House ALF
- A'Lu Mexican Cuisine
- Harvest SS Health
- Motown Pizza & wings
- Margo's Kitchen
- Infinite Integrity Health Center

Approved or under construction development projects:

- Ghost Kitchen
- Villages at East Ocean (North)
- Shalimar
- Ruocco's Restaurant
- Sprouts Farmers Market
- EoS Fitness
- Salons by JC

In 2023/2024, the City has experienced significant growth and development across several sectors. Noteworthy developments include:

. **Residential Growth**:
  - Boynton Beach continues to see an influx of new residential projects, particularly in the form of mixed-use developments. These projects are designed to attract both retirees and young professionals who are looking for affordable coastal living.
  - Several new neighborhoods and townhome communities are under construction, offering a range of living options to accommodate the city's growing population.
  - The City approved the county's first Live Local Project, The Dune, which provides workforce housing and aims to promote the integration of housing with local amenities. These developments encourage residents to live closer to their workplaces, shops, and entertainment, reducing the need for long commutes.

. **Downtown Redevelopment**:
  - The city is investing in revitalizing its downtown area through mixed-use developments, combining residential, retail, and office spaces. This redevelopment aims to create a vibrant, walkable urban environment. Key projects include Ocean One and The Peirce, located at the intersection of Boynton Beach Blvd and Federal Highway.

. **Retail and Commercial Expansion**:
  - Retail centers and commercial developments are expanding to meet the demand from Boynton Beach's growing residential community. Several new shopping centers and modernized retail hubs have been introduced, aiming to improve the customer experience and offer more services to the city's population.
  - Additionally, existing commercial spaces are being upgraded to meet the needs of businesses and residents, helping to solidify the city's position as a regional business hub.

. **Industrial Growth**:
  - Boynton Beach has also seen significant growth in its industrial sector, driven by the expansion of warehouses, distribution centers, and light manufacturing facilities. These developments are part of a broader strategy to diversify the local economy and create job opportunities. Most Notably, the Publix Distribution Center completed a half of million square-foot expansion of its current facility.
  - The city's strategic location along key transportation corridors and its proximity to the Port of Palm Beach are making it an attractive destination for logistics and distribution companies looking to capitalize on regional trade and commerce. This industrial development

is expected to boost employment and support the city's economic growth.

These developments reflect Boynton Beach's efforts to foster a balanced approach to growth while enhancing the city's appeal for both residents and businesses.

To: The Honorable Mayor and Members of the City Commission

From: Dan Duggar, City Manager

Date: December 1, 2024

Subject: Adopted Budget for Fiscal Year 2022-23

Honorable Mayor, Members of the City Commission, Community Members, and City Staff:

I am pleased to present the City of Boynton Beach's Adopted Budget for Fiscal Year 2024-25. The budget serves as a roadmap for the City's promise as a place where our inclusive community can prosper and innovation is nurtured and grows.

The Adopted Budget for Fiscal Year 2024-25 is aligned with the City's Strategic Plan and reflects the direction of the City Commission for achieving our collective vision of Boynton Beach as a welcoming and inclusive coastal community that celebrates diverse cultures, embraces innovation, and supports local businesses. It includes all Funds, $327.8M of which, the Capital Improvement Plan is $62.8M. According to the Palm Beach County Property Appraiser, the City's current gross taxable value for FY 2024-2025 is $9,826,138,737. This is an increase of 8.7% over FY 2023-24 final budgeted taxable value of $9,128,934,918. We will continue to provide exceptional services to our diverse community through a well-prioritized budget while administering the vision of the City Commission.

The City's goals, budget, performance measures, and accomplishments achieved our goal of increasing transparency and making information accessible to our residents, businesses, and other community stakeholders. It also drives economic development initiatives and facilitates planning, collaboration, and coordination among the various City departments and partners. In the Adopted Budget, available resources are invested and aligned to ensure the City's long-term viability and resilience, while advancing the City's goals and objectives.

Our organization values are tied to Innovation, Vision, Adaptability, Servant Leadership, Inclusivity, and Empathy.

Strategic Plan Priorities for the City:

- **Culturally Distinct Districts:** Create unique cultural districts for business and entertainment to serve as the foundation that connects businesses, residents, and visitors.
- **Building Wealth in the Community:** Creating opportunities for shared local community prosperity, equity, and economic sustainability through broad-based asset ownership, anchor jobs, and resources that are reparative and inclusive.
- **Accessible Transportation and Mobility:** Improve multimodal transportation for all residents, commerce, workforce, and visitors.
- **High Performing Organization:** Maintain effective and efficient service delivery and continued excellence through organizational governance and internal support and external services.
- **Safe, Inclusive, and Resilient Public Spaces:** Ensuring access to safe and affordable public spaces.
- **Environmental Sustainability:** Increase climate resilience, preserve natural resources, and adopt cleaner and more efficient energy technologies while striving to maximize social and economic benefits for City government, residents, and businesses.

Strategic Projects beginning Fiscal Year 2023-24

- Update the City's Comprehensive Plan to establish industry-specific clusters and defined planning areas.
- Develop an entrepreneurial ecosystem where start-ups and small businesses are supported and grown.

- Expand the City's Strategic Traffic Safety Plan
- Develop a robust, innovative communication strategy to educate and inform the community of city services, programs, and initiatives
- Implement a digital citywide security program which includes security cameras, automatic license plate readers, analytics and additional sensors.
- Improve reliability, energy efficiency, and functioning of pipelines and other infrastructure serving water, waste water, reclaimed water, chilled water and stormwater customers.

The strategic planning process develops coordinated strategic projects that focus on effectively creating the framework for all partners (both internal and external) to ensure that available resources are invested, aligned, and advance the City's priorities and goals. The City's short and long-term successes and competitive environment are key strategic issues addressed in the Adopted Budget. Each City department is aligned to one or more of the seven priorities with specific objectives and projects to be accomplished. Department Directors are accountable for meeting these stated objectives and projects while still operating within their approved Operating and Capital Budgets.

Highlights of the FY 2024-25 Adopted Budget include:

Employee Based Priorities to Improve The Organization

For Fiscal Year 2024-25, the Commission has approved funding for employee raises of 3% to 11%, for directors to union employees. Over the past five fiscal years, the City Commission and the City Manager has consistently offered adjustment to salary pay ranges or hourly salary increases to its employees. These average salary adjustments ranged from 3% to 5% and are consistent with annual inflation rates. For all funds, the FY2024-25 budget, management has earmarked $8.6 million ($4.6M for General Fund) over the prior year for salary adjustments and union contract negotiation.

The City will continue to fund its employees' Health Savings Account (HSA), except those affiliated with the Police Benevolent Association. For FY 2024-25 the City will contribute $750 - $1500 to the HSA for each full-time employee (the HSA budgeted cost was $762,835 for FY 2023-24). Additionally, the City will provide employees with an "Insurance Stipend" to offset family premium rates. These health savings benefits coincide with the Boynton Beach employee Wellness Program that the City is aggressively promoting to mitigate insurance cost.

The City of Boynton Beach has established a tuition reimbursement program for employees who are full time, unrepresented (General) employees and full-time, non-probationary employees covered under the SEIU Blue Collar or White-Collar Collective Bargaining Agreement. For FY 2024-25, the City has established a college tuition budget of $110,000 and training budget of $782,504 for all funds.

Short Term City Based Priorities

The City's Building Division launched an online, easy-to-use e-permit system that will modernize how permits are processed for both builders and residents. The new Permit Application and Tracking System, which is powered by SagesGov, will allow registered users to perform all permit functions in one convenient place via a portal on the City's website. System features include the ability to submit, track, review, inspect and close building permits. In FY 2023-2024, Phase III of the SagesGov platform did include a new feature for the City's Planning & Zoning Division that will complement the permitting portal and simplify the development process. The new feature will streamline the Development Application process and will go live with SagesGov in the first quarter of 2024-2025. This new feature will allow the City to streamline internal systems to support economic growth and development.

The Planning & Zoning Division partnered with Gridics, LLC to launch the City's next-generation municipal zoning technology platform. This new platform brings a new level of transparency and ease of use to our zoning code, allowing anyone the ability to access the precise information they need specific to their parcel in an easy-to-use format. This software will provide staff with a code publishing website specifically tailored for land use and comprehensive plan ordinances that can be updated directly in real-time as changes are made and interlink various sections to make it easier for citizens to reference and understand. It will also provide an easy-to-use interactive zoning map website to make it easier for citizens and investors to visualize how zoning districts and overlays impact development throughout the city and provide the ability to lookup zoning information such as setbacks, open space, height, density, allowed uses by address, and permitted types of businesses. The implementation of this software aligns with the City's Strategic Priority of High-Performing Organization. It allows the City to provide effective and efficient services and helpful tools for residents, businesses, and developers looking to live, work and invest in the City.

In alignment with the City's Strategic Plan Priority of Environmental Sustainability, the City continues to build on its Tree Canopy Enhancement Program with the goal of increasing citywide tree canopy from the 2020 level of 16.1% to 20% by 2035. The City annually gives away 800 to 1,200 trees and palms use for City property and rights-of-way and will continue to develop an Urban Forestry Management Plan in FY 2024-25.

The City recognizes the role parks serve in creating sustainable communities. To provide sustainability, the City is considering innovative ways to fund tomorrow's potential. This consideration includes strategies such as collaboration between parks departments and other public agencies, civic investment from individuals and private foundations through public-private partnerships, concessions, marketing sponsorships, and entrepreneurial activities. The FY 2024-25 capital budget for Park & Recreation improvement is $6.8 million.

The Utility department is performing studies to develop risk and infrastructure prioritization criteria to help the utility make data driven decisions for repair and replacement projects. Additionally, the Utility department received a $5.2 million State Revolving Fund (Drinking Water) principal forgiveness loan to evaluate the treatment options for the two water plants and design for the most optimal treatment alternative for upcoming drinking water regulations. These studies are planned to be completed in the next 12 to 36 months and will allow the Utility and the City to continue providing exceptional water and wastewater services to our customers.

Long-Range Priorities/Financial Plans

The FY 2024-25 Adopted Budget and projected years are developed by analyzing 3-year historical

trends and depending on the type of revenues and expenditures - an escalation range of 3% to 5% was applied. Additionally, strategic prioritization of projects/legislative actions/operations help to shape both the short-term and long-term plans for the City.

The Commission has approved a $25 increase in the Fire Assessment to fund capital projects for fire operation needs.

Also approved, a new budgeted revenue source Police Impact fee from the Speed Zone Cameras to protect the public and fund police operations, projected to generate approximately $7+ million annually.

Over the next two to three years seek to improve or replace the City's financial management system. Additionally, the Utility Fund has major infrastructure projects scheduled over the next three to five years, costing over $50 million. These projects include water meters replacement, lift station rehabilitation, storm water improvement, water and sewer mains lining and/or replacement projects . Once the water treatment options are evaluated, the Utility can plan for funding the infrastructure investment needed for upgrades to the two water treatment plants. The Utility continues to apply for and receive grants and low interest rate loans keeping operational and investment costs reasonable for our customers.

As part of our Building Wealth in the Community Strategic Plan Priority, the City has invested in the development of a comprehensive Economic Development Plan that will guide the City's long-term economic development priorities and create a "plan of action" based on current and projected economic, industry, and real estate trends. The Plan will align City policies and investments to maximize City assets and evaluate current and future economic trends to chart a course towards a sustainable and equitable economy that will grow jobs and careers, advance opportunities for prosperity, and create vibrant neighborhoods and communities. The goal is to: overcome challenges that currently impede the City's competitiveness in attracting, retaining, and developing high-growth industries, stimulate (re) development and strengthen commercial centers and corridors, strengthen and diversify the City's retail market, and support small businesses and start-ups. In FY 2023-2024, the budget included $100,000 to implement the first phase of the Economic Development Plan, for FY2024-2025 the amount is $125,000.

The Planning and Zoning Division continues to implement the City's Complete Street and Mobility Plan recommendations by continually reviewing opportunities for multimodal transportation and expanding pedestrian facilities. The Complete Streets and Mobility Plan's long-term goal is to address the growing need and desire for a balanced transportation network that adequately accommodates all modes of transportation to improve safety and comfort for people walking, biking, driving, and using transit. The Complete Street and Mobility Plan will encourage pedestrian walkability and bicycling to create a healthier and more sustainable community. This aligns with the City Commission's Vision Zero policy to eliminate traffic fatalities and severe injuries among all road users, and to ensure safe, healthy, and equitable mobility for all. The Plan will also examine and address traffic congestion, improve local multimodal circulation, and adopt new transportation technologies. This Strategic Objective is part of the City's Strategic Plan Priority of Accessible Transportation and Mobility.

The City is working to integrate the Strategic Priority of Environmental Sustainability into all government planning and operations. The 2020 Climate Action Plan established targets of reducing greenhouse gas (GHG) emissions 50% below 2015 levels by 2035 and achieving net zero emissions by 2050, and the City continues to track progress toward these goals through annual inventories of government and community-wide emissions. Boynton Beach joined the Cities Race to Zero, a global campaign to accelerate GHG reductions, and has conducted an analysis of high-impact GHG reduction actions such as renewable energy, electric vehicle adoption, and building efficiency. In 2025, the Sustainability Team will begin comprehensive studies in energy efficiency, tree canopy, and urban heat to develop strategies for short and long-term resilience planning.

The City updated its climate change vulnerability assessment (CCVA) in August 2022, which incorporated sea level rise projections for 2040 and 2070, and is working to develop a climate adaptation and resilience plan following the CCVA recommendations that will be funded under a Resilient Florida Program planning grant. The plan

will build upon the CCVA and help the City align high priority projects with critical infrastructure most susceptible to climate-related threats such as sea level rise and flooding. The plan is anticipated to be completed by Spring 2026.

The Utilities and Public Works-Engineering Departments are also collaborating to align future capital projects with state and federal funding sources for resilient infrastructure, with a focus on social vulnerability to ensure these investments are equitably distributed. The City is looking to implement targeted strategies to engage frontline communities that are most vulnerable to climate impacts. In partnership with the Sustainability Team, the Departments are developing projects such as stormwater infrastructure improvements and living shorelines projects to mitigate future risk from sea level rise, flooding, and other climate-related disasters in highly vulnerable areas. The Sustainability Team also plans to further collaboration with Departments such as Planning and Zoning, Recreation and Parks, Building, and Community Standards to develop programs that will equitably benefit the community and further address environmental sustainability and social vulnerabilities.

Fiscal Year 2023-24 Budget Achievements

The City's Economic Development Division, along with the Boynton Beach Community Redevelopment Agency (BBCRA), partnered with Florida International University to create an Economic Development Plan for the City. The Plan will recommend strategies to support small businesses and entrepreneurship, policies to attract (re)development and investment, and create a plan-of-action to support an inclusive local economy that benefits all communities in the City. The Plan is supported by current and projected economic, industry, and real estate trends to align City policies and investments to evaluate and maximize City assets and chart a course towards a sustainable and equitable economy that will grow jobs and careers, advance opportunities for prosperity, and create vibrant neighborhoods and communities.

The City previously completed a climate change vulnerability assessment (CCVA) in partnership with six neighboring municipalities and Palm Beach County as the Coastal Resilience Partnership of Southeast Palm Beach County (CRP). On July 1, 2024, Resilient Florida legislation, s. 380.093, F.S., was revised using different NOAA sea level rise projections. To stay proactive in addressing these legislative revisions, the City applied for Resilient Florida Program funding to update the CCVA to maintain compliance with the new Resilient Florida legislation and remain eligible for future funding. The City will be notified in early 2025 if awarded.

The previous CCVA identified critical assets that are vulnerable and at risk to tidal flooding, storm surge, rainfall-induced flooding, and other climate threats, including projections for sea level rise in the years 2040 and 2070. The "AccelAdapt" web platform continues to provide City staff access to the assessment data at the Census tract and parcel scales to support the integration of CCVA results in City planning and operations. To supplement the CCVA, the City was awarded a $300,000 Resilient Florida Program grant to develop a Climate Adaptation Plan. The Plan will further analyze these threats and develop a project prioritization list to reduce future risks from climate change. The Plan will be designed to meet other community development and economic revitalization needs, providing recommendations for plan integration, update to codes, standards, and/or regulatory frameworks, as well as projects that advance other system needs such as equity and environmental justice. Additionally, as part of the City's Flood Mitigation Plan, the Utilities, Development and Public Works Engineering Departments annually prioritize drainage improvement needs and requests for projects to be included in the City's CIP Program funding.

The City's Sustainability Team contracted with Community Greening to give away 825 trees to City residents, plant 3 memorial trees, and received 16 trees in partnership with TD Bank for a total of 844 trees planted during FY 2023-24. Other sustainability achievements in FY 2023-24 include: the distribution of 65 Energy Edge rebates totaling $65,348.00, continued restoration of the Galaxy Scrub Preserve for educational use by Galaxy Elementary, and secured $536,952.50 in grant funding from the Resilient Florida Program to install living shorelines at Jaycee, Intracoastal, and Mangrove Parks.

I appreciate the assistance of the Budget Review Team, which includes Deputy City Manager Andrew

Mack, Assistant City Manager Adam Temple, Deputy Finance Director Anthony Davidson, our Accountant III Fabio Baca, the former Finance Director Mara Fredricksen, and Lynn Nazario the Human Resources Director. Also, I would like to acknowledge the Executive Team and the Commission for their hard work and assistance during this phase of the budget cycle.

Through a well-prioritized budget, we will administer the vision of the City Commission, provide exceptional service to our diverse community, and continue to navigate a course toward economic sustainability.

Respectfully submitted,

Dan Dugger

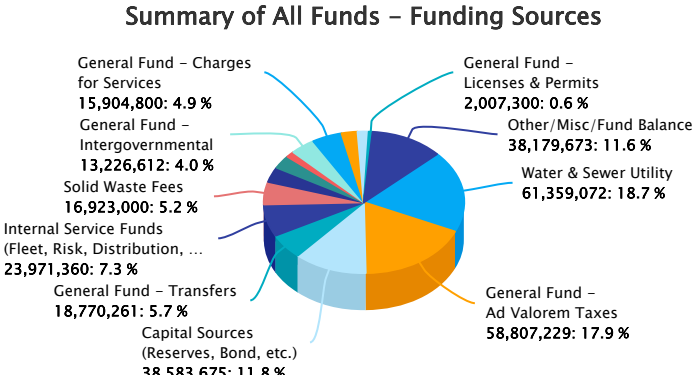
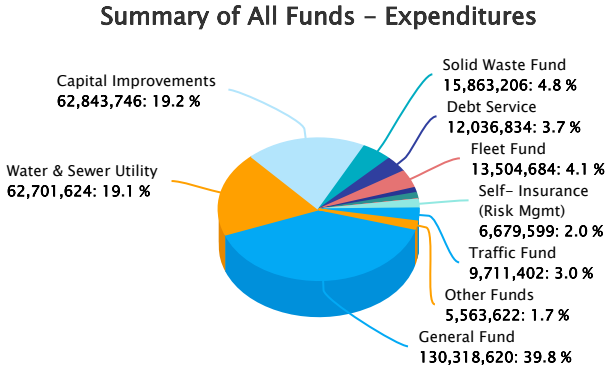
CITY'S FINANCIAL OVERVIEW

For the coming Fiscal Year 2024-25, the General Fund Budget of $130,318,620 increased by $4,544,718 or 3.6% over FY 2023-24 Amended Budget of $125,773,902. This increase was mostly related to operating expenses for salary, wage, pension, personnel adjustments and other contractual services. The City has adopted a Millage Rate of 7.8000 and changed the Fire Assessment rate to $145 for FY 2022-23 .

The Adopted FY 2024-25 General Fund Budget does not require an appropriation of fund balance. Additional detailed narrative and illustrations are provided further within this document.



All Funds Funding Sources – The largest funding sources are the Water, Sewer and Stormwater fees, totalling $62.70M, representing 19.13% of the total $327.80M followed by Capital (Surtax and Cap Fees) and Bond sources for $62.80M at 19.16%. The property taxes of $58.80M (net of CRA TIF funding) only fund 17.94% of total funding sources and 46.71% of the City's General Fund. Interfund transfers for the General Fund totaled $18.80M (6.79% of all total funding sources).



All Funds Expenditure Budget - The City's total Adopted Budget for all funds total $327.80M. The General Fund represents 39.75% of that total with expenditures of $130.30M. The Water & Sewer Utility Fund is $62.70M, 19.13% of the total. The Capital Improvement Fund (General and Utility Funds) is $62.80M, 19.16% of the total and the Solid Waste Fund represents $15.90M, 4.85% of the total $327.80M. The remaining funds total 15.24% of the total Adopted Budget.

A simple tax calculation example follows for a single residential property with a Homestead exemption. The property had an assessed valuation of $100,000 in 2024 with a $50,000 homestead exemption resulting in a taxable value of $50,000. The tax rate in FY 2024 was 7.85 (millage rate) per $1,000 of taxable value yielding an annual 2024 property tax of $393. In FY 2025, per the Save Our Homes Law, the assessed value of this property will increase by the CPI of 3.0%. This results in a taxable value of $53,000 after the homestead exemption.

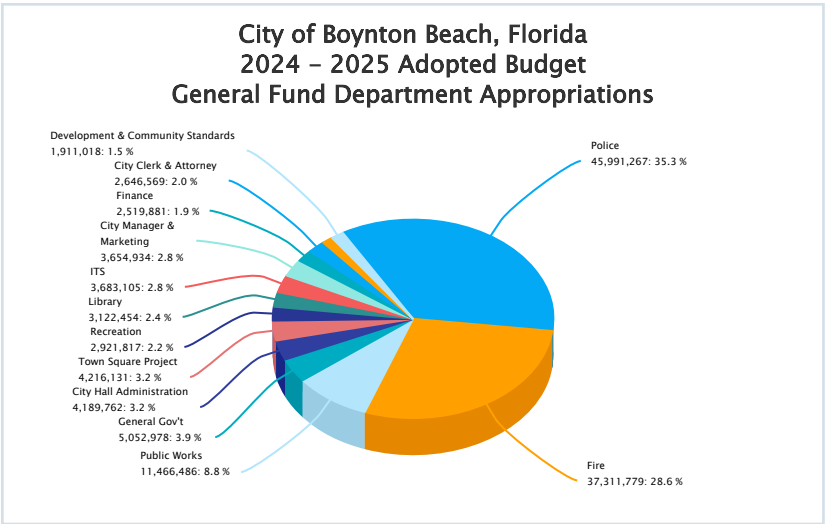
Assessed Value Increase of 8.7% (Save Our Home 3% or CPI Change 4.1%, the lessor)"

Homestead Residential Property		FY 2023-24 Adopted Tax Calculation		FY 2024-25 Roll-back Tax Calculation		FY 2024-25 Adopted Tax Calculation	FY % Change
Assessed Value	$	100,000	$	108,700	$	103,000	3.0%
Homestead Exemption	$	(50,000)	$	(50,000)	$	(50,000)	
Taxable Value	$	50,000	$	58,700	$	53,000	6.0%
Tax Rate		7.8500		7.4229		7.8000	-0.6%
Annual Property Tax	$	393	$	436	$	413	5.3%

With the Adopted 2025 millage rate of 7.8000, the annual property tax is $413 in 2025, yielding a 5.32% annual property tax increase.



General Fund Adopted Expenditure Budget – The General Fund budget provides the resources to carry out the majority of the direct services to City taxpayers. This budget supports the Commission's vision and maintains high quality services and fiscal responsibility. The Adopted Budget for FY 2024-25 totals $130.30M, an increase of $4.50M (3.6%) over the FY 2023-24 amended budget of $126M.

Public Safety remains a top priority for the City. Together, the Police and Fire Departments' adopted budgets totals $83.3M or approximately 64% of the $130.30M General Fund budget. The other major General Fund departments, with increases, include Culture & Recreation at $12.0M, which is 9.3% of the total General Fund budget. The City Hall budget of $4.1M includes a 6% to 8% differential in raises for General Fund employees, property insurance premiums, and transfers to the Capital Improvement Fund and Risk Management Fund. Lastly, the Police and Fire department budget was approved for various increases related to contractual obligations and personnel.

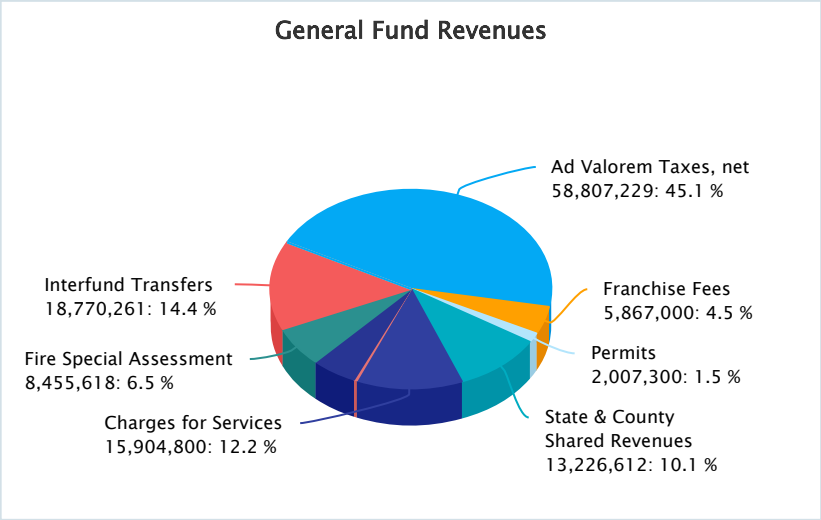
The table above displays the expenditure distribution by department. Personnel services of $94.10M represent 72.18% of the total $130.30M Adopted General Fund Budget. Major components of personnel services include salaries and wages, pension costs, health insurance, overtime and holiday pay, and employer FICA. Most components are subject to collective bargaining agreements with the unions. Non-operating expenditures are primarily payments or transfers to City Internal Service funds for Self Insurance, Warehouse, and Fleet Maintenance and Contingency Funding.

General Fund Adopted Funding Sources – To balance the General Fund expenditure budget of $130.30M, revenues comprising of Ad Valorem Taxes (directly related to the millage rate of 7.8000), Intergovernmental

Revenues, Charges for Services, Assessments, and Transfers from other funds are the funding sources adopted for FY 2024-25.



General Fund Revenues – General Fund revenues of $110.50M, plus transfers from other funds of $18.80M, total $130.30M. As a result of the increased taxable values in the City the General Fund will recognize approximately $6.0M, net taxes, in FY 2024-25 over FY 2023-24. The net year over year change in revenues is $11.1M.

Overall revenues have increased in most categories, as such, no fund balance usage is required for FY 2024-25.

The table below offers a three-year perspective on the City's General Fund revenues. Note: Ad Valorem Taxes have decreased -100.0% from FY2023-24 to FY2024-25; there is an increase of $1.4M in the Fire Assessment projected revenues for FY2024-25 over the prior fiscal year; Intergovernmental revenues (mainly State & County Shared Revenues and Sales Tax) have ranged between $12.8M to $13.2M. Transfers from Other Funds range from $26.2M to $18.7M, a decrease of $7.5M, from FY2023-24 to FY2024-25. No utilization of Fund Balance is required for FY2024-25. Note: The CRA's TIF increments are expected to increase from $13.8M to $15.2M. (see table above for all previously referenced amounts).

I appreciate the assistance of the Budget Review Team which includes Deputy City Manager Andrew Mack, Assistant City Managers Adam Temple, Deputy Finance Director Anthony Davidson, and Accountant III Fabio Baca. Also, I would like to acknowledge the Executive Team and the Commission for their hard work and assistance during this phase of the budget cycle.

Through a well-prioritized budget, we will administer the vision of the City Commission, provide exceptional service to our diverse community, and continue to navigate a course toward economic sustainability.

Respectfully submitted,

Daniel Dugger

City Manager

UTILIZING THE DOCUMENT

In order to assist the reader in their review of the Budget document and obtaining information, several specific financial devices, such as graphs, charts, and tables have been utilized. The reader may obtain information at three separate levels: City, fund, and department.

A City level summary of the most important information coupled with comparative data has been included on the following pages.

- City Organizational Chart
- Senior Management Team
- Budget Calendar
- Fund Definitions
- Budget & Accounting Process
- Revenue Criteria
- Revenue & Expenditure Charts and Schedules
- Personnel Data
- Outstanding Debt with Policy

Most of the Budget document has been divided into sections with a separate fund (the Table of Contents designates the order and detail of these funds). Most funds contain department level budgetary information such as mission and goals, organizational charts, personnel allocation data, performance measures, and departmental expenditures on a line-item basis.

Note: The City Manager's Transmittal Letter provides an overview of the main strategic initiatives/concerns and actions to be taken for the upcoming fiscal year. Other important information provided in the transmittal letter includes

- City's Financial Overview (Revenue and Expenditures)
- Discussion of illustration of the Millage and Rollback Tax Rates
- Discussion of illustration of the Adopted Budget for all funds
- Snapshot of the changes in personnel

FINANCIAL POLICIES OVERVIEW

The following policies establish the basis for the City's overall financial planning and management. These policies show the citizens, the commercial investors, and the credit rating industry the City's commitment to sound financial management and fiscal integrity.

Internal Control Environment Goals

- Protect the assets of the City through an adequate system of internal controls.
- Maintain the financial viability of the City in order to ensure adequate levels of City services.
- Maintain financial flexibility in order to continually adapt to economic and demographic changes.
- Maintain and enhance infrastructure to provide for the health, safety and welfare of the City's citizens.
- Report to the Citizens, State and Federal Governments, and creditors on the financial operations.

Balanced Budget

The Budget shall be balanced with *"The amount available from taxation and other sources, including balances brought forward from prior fiscal years, must equal the total appropriations for expenditures and reserves. At a minimum, the adopted budget must show for each fund, as required by law and sound financial practices, budgeted revenues and expenditures by organizational units which are at least at the level of detail required for the annual financial report under s. 218.32(1). The adopted budget must regulate expenditures of the municipality, and an officer of a municipal government may not expend or contract for expenditures in any fiscal year except pursuant to the adopted budget."* as discussed in Florida Statutes Chapter 166.241(2). The department of Financial Services will annually produce a balanced budget document for all funds and provide monthly updates for the major funds in the City.

Budget Transfer/Amendment Policy

- Transfers requested within the expenditure category and/or between divisions within the same department, or between activity codes within the same department require approval by the Finance Department and City Manager. Budget transfers that affect more than one fund require Commission approval.
- Appropriations related to prior year non-operating encumbrances and capital projects not completed will be submitted to the City Commission as a budget amendment

Asset Policy

The City will maintain an inventory of all assets with a value in excess of $1,000 having an estimated life of more than one year. At a department's request, an asset will be disposed of when that asset is no longer functioning or has reached its replacement cycle. The City policy is in-line with Florida Administrative Code Chapter 69I-73 and Florida Statutes Chapter 274.02.

Investment Policy

This policy sets forth the investment objectives and parameters for the management of public funds of the City of Boynton Beach, Florida. These policies are designed to ensure the prudent management of public funds (safety), the availability of operating and capital funds (liquidity) and a competitive return on investment (yield). This investment policy applies to the investment of public funds in excess of amounts needed to meet current expenses, which includes cash and investment balances. The City staff and Commission will annually review its Investment Policy and offer guidance for staff and any investment managers hired by the City. The policy will comply with the requirements of Chapter 218.415 Florida Statutes.

Fund Balance

Policy Fund balance is the difference between assets and liabilities reported in a governmental fund. The City's minimum fund balance reserve policy has been revised to a range of 15% to 20% of the following year's budgeted expenditures. The reserve is required to compensate for short term revenue shortfall and unforeseen emergency.

Revenue Policy

- The City staff will review revenue projections on an annual basis.
- The City Commission will establish the City's budget priorities based upon the revenue estimates and expenditure guidelines.
- The total estimated revenues/sources (including balances brought forward) shall equal the total appropriations and reserves in accordance with Florida Statutes Chapters 166 and 200
- The City will strive to develop or identify a diversified and stable revenue system.

Grants Management Policy

- Departments are responsible for grant forecasting and identifying matching funds when preparing the fiscal year budget.
- Grants Navigator, a software solution for grant research and grant management, will be used city-wide to provide an effective means to define projects, analyze funding sources, implement grant funded projects, generate required reports and provide centralized record keeping for audit purposes.

Appropriation/Expenditure Policy

- Appropriations will be made at the major expenditure category: personnel services, operating expense, capital outlay, debt service, grants and aids, and non-operating expenses.
- Operating expenditures should not exceed current operating revenues.
- Position Control will be maintained by the Human Resources Department and the Finance Department.

Capital Management Policy

The Capital Improvement Program (CIP) shall consist of projects/equipment with a cost estimate of at least $15,000 and an asset life of at least five (5) years. A CIP project may involve new construction or renovation to the City infrastructure, acquiring major equipment, and technology. All CIP projects must identify a possible source of funding before Commission approval.

Debt Management Policy

Debt management policies are intended to provide a comprehensive and viable plan which recognizes the capital improvement needs of the City as well as the taxpayers' ability to pay while taking into account existing legal, economic, financial, and debt market considerations. The City of Boynton Beach shall establish as a maximum cap for long-term general obligation debt, ten percent (10%) of the total assessed value of both real and personal property within the City limits. This cap shall be adjusted annually to reflect the annual changes in the assessed value. There shall be no limitation on the use of revenue bonds as a percent of total debt service of the City.

Performance Measurement Policy

The City requires all departments to establish performance measures aligned with the services being offered and the Strategic Plan of the City of Boynton Beach. The performance measures should be reviewed by departments at least quarterly or semi-annually. The performance measures will be published in the City's Adopted Budget Book. Performance measures will directly hold City staff and management accountable, foster transparency, and identify areas for improvement.

  General Government Fund (302)
  Local Gov't Surtax Cap Fund (303)
  Golf CIP Fund (412)
  Utility Project Funds (403 & 404)

GENERAL FUND

The General Fund serves as the primary operating fund of the City. The fund accounts for all financial transactions not accounted for in another fund. Revenue is derived primarily from property taxes, state and federal distributions and other intergovernmental revenue.

ENTERPRISE FUNDS

The enterprise funds report operations that provide services primarily to the public which are financed primarily by user charges, or activities where periodic measurement of net income is appropriate for capital maintenance, public policy, management control or other purposes.

Utilities Fund (401) accounts for the construction, operation and maintenance of the Utilities Department and the City's share of the Regional Wastewater Treatment Plant.

Solid Waste Fund (431) accounts for the operation, maintenance, and replacement of the sanitation fleet and the supporting functions enabling the City to collect all refuse and trash on a regular basis.

Golf Course Fund (411) accounts for the construction, operation and maintenance of the Links Municipal Golf Course.

INTERNAL SERVICE FUNDS

Internal service funds are established to finance and account for services and commodities furnished by a designated department of the City to other departments of the City. Boynton Beach operates three (3) internal service funds; Fleet Maintenance, Warehouse and Self Insurance.

Fleet Maintenance Fund (501) accounts for the operation, maintenance and replacement of all motor vehicles and heavy equipment pieces within the City fleet. The funds charge individual departments for (a) operations and maintenance of the vehicles and equipment and (b) a prefunding charge (depreciation) to replace the vehicle at the end of its useful life.

Self-Insurance Fund (522) accounts for all insurance for property, workers' compensation, general and automotive liability claims.

Benefits Fund (523) accounts for all expenses tied to the City's self-insured plan.

Materials & Distribution Fund (502) accounts for the inventory and disbursement of supplies purchased in bulk. All using departments are charged based on the relative cost of the supplies purchased.

SPECIAL REVENUE FUNDS

These funds account for specific governmental revenue (other than special assessments and major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action.

Traffic Safety Fund (103) - accounts for the operations of the red light camera program in the City.

Local Option Gas Tax Fund (104) - This fund was created during the 1983-84 Fiscal Year as a result of an Interlocal Agreement between Palm Beach County and local municipalities for the distribution of gas tax revenue. Expenditure of these funds is to be used for road improvements.

Community Improvements Fund (122) - accounts for those funds designated for housing improvement programs.

Building Fund (130) - accounts for all funds collected and extended pursuant to Florida State Statute.

Green Building Fund (131) - established to address Sustainable "green" projects throughout the City.

Police Impact Trust Fund (142) - established to fund police capital facilities per Ordinance 23-022.

Public Arts Fund (151) - accounts for all funds collected pursuant to Ordinance 05-060 enacted to enhance the City's heritage, diversity, and character through public artworks integrated in the architecture, infrastructure and landscape.

Recreation Program Revenue Fund (172) accounts for all self-supporting recreational programs.

Cemetery Fund (631/2) accounts for the operations of the City's cemeteries.

DEBT SERVICE FUND

This fund accounts for the accumulation of resources for and the payment of general long-term debt principal and interest. **Public Service Tax Debt Service Fund (207)** accounts for the debt service on the City's Public Service Tax Bonds.

CAPITAL PROJECT FUNDS

These funds account for the acquisition or construction of major capital facilities other than those financed by proprietary fund operations and special assessments.**Parks & Recreational Facilities Fund** is used for the acquisition or development of City park and recreational land. The Parks & Recreational revenues are generated by park impact fees collected from developers. The **Golf CIP Fund** accounts for capital revenues and capital expenditures related to the capital needs at the Links of Boynton Beach golf course.

Parks & Rec Trust **(141)**

General Government **(302)**

Sales Surtax Projects **(303)**

Golf Projects **(412)**

Utility Projects **(403 & 404)**

BUDGETS AND THE BUDGETING PROCESS

The City follows these procedures in establishing the budgetary data reflected in the financial/budget documents:

- The distribution of documents to initiate the fiscal year's budget process begins in February. Proposed budget information is gathered, entered into the financial systems, and various departments provide justification for the requested budget for the upcoming fiscal year.
- During the first week of July, the City Manager submits to the City Commission a tentative budget for consideration and approval. The budget is available to the public at this time.
- Budget workshops are held by the City Commission to review the proposed budget and to obtain public comment. (May 30 & July 10 - 13)
- The City advises the Palm Beach County Property Appraiser & Department of Revenue of the proposed millage rate, the rolled-back millage rate, and the day, time and place of the public hearing for budget acceptance. (No later than the week of July 24, 2024)
- The public hearings are held to obtain final taxpayer input and to adopt the final budget. (Two Commission meetings in September)
- The budget and related millage rates are legally enacted annually by passage of an ordinance at the second Commission meeting in September
- The proposed and/or adopted budget must be balanced, where revenues equal all appropriations
- Within 30 days after the Commission meeting (final public hearing) on the budget the final steps in the TRIM compliance process should occur

Minimum Fund Balance Reserve: The City's reserve policy is to maintain a reserve of 10% of the following year's budgeted expenditures to compensate for short term revenue shortfall and unforeseen emergency.

For budgetary purposes, current year encumbrances are treated as expenditures and any unencumbered budgetary appropriations lapse at fiscal year-end. Changes or amendments to the total budgeted expenditures of the City or a department must be approved by the City Commission; however, changes within a department which do not affect the department's total expenditures may be approved at the administrative level. Expenditures may not legally exceed budgetary appropriations for the fund in total, although individual department's expenditures may exceed a department's budget. All Funds except Capital Funds unencumbered and unexpended appropriations lapse at fiscal year-end.

The reported budgetary data represents the final appropriated budget after amendments adopted by the City Commission. Appropriated budgets have been legally adopted for the General Fund, the Local Option Gas Tax Fund, Recreation Program Revenue Fund, Community Improvements Fund (special revenue funds), the Public Services Tax Debt Service Fund, the Capital Improvements Fund (capital projects funds) and the Parks and Recreation Facilities Fund (a capital improvement fund) on the same modified-accrual basis used to reflect actual revenue and expenditures, except that for budgetary purposes, current year encumbrances are treated as expenditures.

Appropriated budgets are also prepared and adopted for the Water and Sewer Fund, Solid Waste Fund, Golf Course Fund, Fleet Maintenance Fund, Self-Insurance Fund, Warehouse and Cemetery Fund.

Budget Transfer/Amendment Policy: Transfers requested within a major expenditure category and/or between divisions within the same department, or between activity codes within the same department but not across funds require approval by the Finance Department and City Manager. Budget transfers and/or amendments that affect more than one fund require Commission approval.

ACCOUNTING SYSTEM AND BUDGETARY CONTROL

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Water and sewer and other proprietary fund revenues are recognized as earned when the services are provided.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available.

During the fiscal year for budgetary reporting purposes encumbrances are treated as expenditures to reflect available budget. The encumbrance system is utilized for budgetary control at the department level. Budgetary reports are issued and reviewed on a monthly basis for budgetary control. For GAAP basis of accounting purposes encumbrances are reported as reservations of fund balance at the end of the fiscal year.

Grant funds are non-budgeted throughout the fiscal year and are recorded as true expenditures at the end of the fiscal year. The budget is a projection of how the City forecasts services and revenues for the government-wide financial statements, proprietary and fiduciary fund financial statements. Within sixty days after the end of the fiscal year, when all revenues, expenditures, and encumbrances have been recorded, a budget amendment may be required which may be directly related to how the financial statements are issued.

The budgetary basis of budgeting for reporting/control of the final appropriated budget for the General Fund, the Local Option Gas Tax Fund, Recreation Program Revenue Fund, Community Improvements Fund (special revenue funds), the Proprietary Funds, the Public Services Tax Debt Service Fund, the Capital Improvements Fund (capital projects funds) and the Parks and Recreation Facilities Fund (a capital improvement fund) is the same for GAAP basis of accounting (stated above).

In developing and evaluating the City's accounting system, consideration is given to the adequacy of the internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute assurances regarding:

- Safeguarding of assets against loss from unauthorized use or disposition.
- Reliability of financial records for preparing financial statements and maintaining accountability for assets.

The concept of reasonable assurance recognizes that:

- The cost of control should not exceed the benefits likely to be derived.
- The valuation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework. We believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of the proper recording of financial transactions.

Minimum Fund Balance Reserve: The City's reserve policy is to maintain a reserve of 15% to 20% of the following year's budgeted expenditures to compensate for short term revenue shortfall and unforeseen emergency.

REVENUE ESTIMATES

The established Revenue criterion utilizes a conservative approach based on historical trends, current data, staff input, and various analyses. Additionally, specific operational information is gathered from different internal and external experts to aid the revenue forecasting process.

GENERAL FUND:

Current Ad Valorem Taxes are levied against real & personal property taxable value received from the property appraiser and millage rate established by the City Commission. Discounts are budgeted at 3.50% of Ad Valorem Taxes. As the major source of revenues for the General Fund, the reported gross Ad Valorem Taxes, in the table to the right, reflects an average of over 6.7% growth in the last five years. For FY 2024-25, the gross Ad Valorem Taxes of $74.4M is 57.10% of the total general fund revenues of $130.30M.

Both the Franchise/Utility Taxes are based on projected revenues received from the utility company, mainly based on historical data and population growth from Florida Power & Light. Franchise rates and estimates vary according to individual Franchise agreements with Florida Power & Light, Florida Public Utilities, and two towing companies. From FY 2020-21 to FY 2024-25, Franchise Taxes have ranged from $4.69 to $5.9M.

The Fire Assessment rate for FY 2024-25 is $145 per residential dwelling (no change from FY 2023-24) and commercial property is based on a square footage rate schedule. The adopted budget for FY 2024-25 is $8.4M, 6% of the total general fund revenue.

Business Taxes & Permits revenues, $2.0M, are determined via trend analysis, the number of established businesses, building development activity, all in conjunction with the Building Department staff. This type of revenue represents 1.50% of the total budget of $130.30M.

DEBT & DEBT SERVICE POLICY

The Comprehensive Plan of the City of Boynton Beach as adopted by the City Commission and reviewed by the State of Florida sets forth the following debt service management policy:

Objective 9D.4 Provide a capital program that can be adequately accommodated by projected revenues or other financial resources.

Policy 9D.4.1 Capital Improvements shall be financed, and debt shall be managed, as follows:

. Public facilities financed by enterprise funds (i.e., Utilities, potable water, sanitary sewer, solid waste, and golf course) shall be financed by:
   a) Debt to be repaid by user fees and charges for enterprise service; or
   b) Current assets (i.e., reserves, surpluses, and current revenue, including transfers); or
   c) A combination of debt and current assets.

. Public facilities which are financed by non-enterprise funds (i.e., roads, stormwater management, parks, library, fire service, police protection, and government buildings) shall be financed from current assets: Revenue, equity and/or debt. Specific financing of specific capital projects shall consider which asset, or group of assets, will be most cost effective consistent with prudent asset and liability management appropriate to the useful life of the projects to be financed, and efficient use of the local government's debt capacity.

Policy 9D.4.2 The City of Boynton Beach shall establish as a maximum cap for long-term general obligation debt, ten percent (10%) of the total assessed value of both real and personal property within the City limits. This cap shall be adjusted annually to reflect the annual changes in the assessed value. There shall be no limitation on the use of revenue bonds as a percent of total debt service of the City.

Policy 9D.4.3 Where feasible, the City's Capital Program shall recognize specific funding sources for specific projects or project categories.

General Fund

The General Fund is the primary operating fund for the City. Based on the financial summary below, the fund balance has been averaging approximately $25M. Both operating revenues and expenditures have been increasing at the same pace. The need for fund transfers range between $22M to $19M from FY 2020-21 to FY 2024-25. For FY 2024-25, the budget that has been appropriated is 130,318,620 vs the prior year amount of $125,773,902. The FY 2024-25 adopted operating expenditures have resulted in an average increase of approximately 4% over the last three years.

Transfers from other funds have offset the operating shortfall in revenues - the adopted transfer amount is 18,770,261 . The two major funds that provide the most financial support to the General Fund Transfer are the Public Service Debt Fund for $9M and the Water/Sewer Fund for $7.6M.

A three year trend analysis of revenues and expenditures for FY 2020-21, FY 2021-22, and FY 2022-23 shows an increase ranging from 2% to 8% for revenues and 3% to 4% for expenditures. Our two-year projection for expenditures reflects an annual increase of 4.5%. The projection for future revenues reflected a 5% increase in FY 2024-25 and a 6% increase in FY 2025-26.

The City will be able to address future operating costs concerns - evident by the two-year projection for the General Fund balance for FY 2024-25 and FY 2025-26 at $25,054,944 and $27,485,252, respectively. Personnel expenditures are the largest component of the budget, at 70% or more - the City offers its employees a COLA adjustment ranging from 3 to 5% annually and will be able continue to provide this benefit.

Department Initiatives No. 1: Develop fiscally sound budgets and capital projects

MISSION STATEMENT AND GOALS

DEPARTMENT: **City Manager** FUND: **001**
DIVISION: DEPT.NO: **1210**

- Coordinate City staff and operational teams to develop financial planning initiatives that will improve current revenues, explore diverse funding sources and evaluate long-term City pension requirements. In light of revenue curtailment, conduct program review and prepare recommendation to the City Commission on cut-backs as required.
- Continue to track legislative activities at the state and federal level to identify unfunded mandates and legislation that will impact municipal operations.
- Develop and implement the operating budget and five-year financial plan for capital needs of the City.

Target Performance Metrics:

- Provide City Commission with financial options and alternatives for current and future revenue enhancements, expenditure reductions, and service program evaluation (Level of Service).

Identify alternative funding sources for parks, recreation and cultural City projects through the Greater Boynton Beach Foundation.

Department Initiatives No. 2: Meet the emerging challenge of an increasingly diverse population through community infrastructure and capacity building.

- Identify and partner with community stakeholders to become Ambassadors for the City's Brand Promise and economic development efforts.
- Identify potential partnerships with area non-profits for development of recreational, cultural and educational venues.
- Establish an Education Initiative/Liaison Program with local schools.

Target Performance Metrics:

- The number of community stakeholder and/or partnerships. List the number of schools that have implemented the initiative program.

City Initiative No. 3: Boynton Beach Branding

Department Initiatives: Provide leadership and direction that will recognize and motivate employees to ensure excellent public service and increased employee retention

- Facilitate the development and implementation of Brand Promise culturalization program.
- Facilitate the development of a Succession Planning program to ensure a core of qualified internal replacements for all key positions within the organization.
- Continue to offer cost effective training to City personnel that will increase their knowledge, skills and abilities and provide a core set of supervisory/management skills to each person responsible for managing others.
- Encourage interdepartmental coordination to maximize existing resources to ensure continued level of service amid budgetary constraints.

DEPARTMENT MISSION STATEMENT:

On behalf of the City Manager of the City of Boynton Beach the mission statement of the Office of Internal Investigations and Accountability is to establish a work environment that is free of mismanagement, fraud, and misconduct in an effort to ensure that employees may work securely and collaboratively to pursue the collective goals of the City of Boynton Beach.

DEPARTMENT CORE SERVICES:

- Conduct thorough investigations into allegations of policy violations.
- Provide an report of investigation to the City Manager's Office for each investigation.
- Provide an monthly investigative summary to the City Manager's Office.
- Investigate potential violations of ethical standards and provide remedies.
- Conduct proactive audits.

STRATEGIC GOAL AND DEPARTMENT VALUE, CHALLENGES AND OPPORTUNITIES:

STRATEGIC GOAL: High Performing Organization:

. **Value to the Community**:

a) The establishment of procedures for investigating complaints and allegations of employee misconduct is crucial to demonstrate and protect the City of Boynton Beach's integrity.

b) The department ensures the City is accessible and responsive to its residents who may have concerns for employee misconduct and mismanagement.

c) The department cultivates an environment of transparency and trust between the City and the residents.

. **Short Term Challenges and Opportunities**:

d) The department is implementing new initiatives to increase transparency and communication with both internal and external stakeholders through the adoption of case management software and a complaints portal.

e) The department recently drafted formal policies and procedures which will require staff training and collaboration with other departments.

f) The department recently added an additional staff member, requiring the training of a new position and employee.

g) The department foresees an increase in complaints and investigations over the next year and therefore anticipates the need for another investigator.

. **Long Term Challenges and Opportunities**:

h) The department will continue to face challenges related to limited resources, such as budget constraints and insufficient staff. This impacts the department's ability to timely and effectively investigate cases and respond to accountability concerns.

i) The department will continue to face challenges related to the increased complexity of cases, which require specialized knowledge and expertise. This can be remedied through additional training and

partnerships with outside agencies such as the Palm Beach County Office of Inspector General (OIG) and Commission on Ethics.

j) The department will continue to face challenges relating to internal audit controls. The successful audit process will require specialized auditor training, as well as increased trust and cooperation with other city departments.

k) The department will need to continue to ensure they stay current with regulatory compliance, such as ensuring that they are complying with new or changing laws and regulations related to investigations and accountability.

DEPARTMENT MISSION STATEMENT:

Human Resources works in partnership with management and individual employees to provide programs and services that create a work environment of employee empowerment, involvement and retention. Human Resources is responsible for a comprehensive human resource program, including: recruitment of qualified applicants into a diverse workforce; employment and orientation services; retirement processing; administration of employee benefits; pre-payroll administration and processes for employees; policy development and administration; job classification, compensation and labor market research; labor relations; employee relations; employee assistance programs; organizational development; Diversity, Equity and inclusion; maintenance of personnel records; maintenance of the City's personnel database; and the administration of the employee discipline and grievance process.

Human Resources is committed to providing high quality service to all prospective, current and past employees and to treating such individuals with respect, good care, and individual attention from their first inquiries about position vacancies, services and programs, through retirement. By making this commitment to the City and its customers, our core values of customer orientation, continuous improvement, teamwork and achieving results are strategically woven into every aspect of Human Resources management while maintaining our high level of mutual trust and respect.

DEPARTMENT CORE SERVICES:

- Treat all customers with the highest level of respect and provide excellent, real time service.
  - Foster an inclusive culture that embraces diversity and encourages personal growth while
  - ensuring the organization's success.
  - Create progressive City policies to attract and retain high quality employees.
  - Utilize our current workforce in a flexible manner to meet the human capital needs of City departments.
- Maximize our human capital by hiring the most qualified candidates and retaining our valued employees.
- Offer employees the opportunity to obtain high level, quality benefits, while controlling cost and improving employee health by engaging employees in the City's wellness program.
- Develop training programs, needs assessments, and organization development services to all levels of employees Citywide.
- Train employees in person and online to improve employee skills and knowledge, prepare for promotional opportunities, and increase job satisfaction and morale.
- Utilizing advanced technology to streamline and enhance internal, manual processes.
- Respond to public records request in an accurate, timely, consistent and professional manner.
- Negotiate, interpret and enforce the City's Collective Bargaining Agreements and other policies in a legal, fair and equitable manner.

MISSION STATEMENT AND GOALS

DEPARTMENT: **City Attorney**
DIVISION:

FUND: **001**
DEPT.NO: **1910**

DEPARTMENT MISSION STATEMENT:

The mission of the City Attorney's office is to provide quality, timely, ethical legal advice, and representation to the City Commission and the City's administrative staff so that they may lawfully serve the public interest that has been entrusted to them by the citizens of the City of Boynton Beach.

DEPARTMENT CORE SERVICES:

- The City Attorney's office provides high-quality legal services to elected officials, appointed officials, and staff in conducting City business.
- Implements legal processes at the direction of the City Commission.
- Renders legal advice and opinions.
- Drafts and reviews contracts, ordinances, resolutions and other documents needed to accomplish the City's policies and goals.
- Represents the City's legal interests before judicial and administrative agencies.
- Prosecutes violations of the City Charter and Municipal Code.
- Develops and implements strategic processes to limit the City's liability.
- Identifies areas of concern for the City and advises the Commission and City Administration.
- Works with administration, department heads, and staff to develop policies and procedures to:
  - Improve the efficiency of day-to-day City operations;
  - Implement the City's Strategic Plan;
  - Address areas of weakness that are identified by the Commission, citizens, or other entities;
  - Establish the legal basis for implementing innovative public projects and services;
  - Broaden areas of research beyond traditional legal channels to seek innovative solutions;
  - Improve efficiencies of management and defense of litigation in which City or City employees are Defendants.

STRATEGIC GOALS AND DEPARTMENT INITIATIVES/ACTIONS ALIGNMENT:

Strategic Goal: Culturally Distinct Districts

Department Initiatives/Actions Alignment: (repeat for each Strategic Goal)

. Work with City personnel as requested to provide legal guidance and assistance

a) **Value to the Community:**

i. City personnel who understand the Code of Ordinances and applicable laws are better equipped to perform their duties; efficient and effective City personnel are a benefit to the community.

ii. City personnel often suggest plans and programs that are beneficial to the community, and partner with the City Attorney's Office to make sure such plans and programs are legally sound. This is a direct benefit to the community and to the goal of creating culturally distinct districts.

b) **Short Term Challenges and Opportunities:**

MISSION STATEMENT AND GOALS

DEPARTMENT: **City Attorney** FUND: **001**
DIVISION: DEPT.NO: **1910**

i. The only challenge is that City personnel are not always aware that the City Attorney's Office (CAO) is available to assist them. This creates an opportunity for the CAO to reach out to staff and develop new channels of communication.

c) **Long Term Challenges and Opportunities:**
   i. None.

d) **Target End Date:** (aligned to program/project) Ongoing.

e) **Key Performance Indicators:**
   i. Periodic review with key departments to determine whether additional specific legal assistance may be required to implement each department's goals to achieve culturally distinct districts.

Strategic Goal: Wealth in the Community

Department Initiatives/Actions Alignment:

. Work with City personnel as requested to provide legal guidance and assistance

a) **Value to the Community**:
   i. Ensuring compliance with applicable laws helps City personnel to implement programs efficiently.
   ii. Legally sound City initiatives are less likely to be challenged in court, which saves the City the cost of potential litigation.

b) **Short Term Challenges and Opportunities**:
   i. Challenges and Opportunities - none

c) **Long Term Challenges and Opportunities**:
   i. Challenges and Opportunities - none

d) **Target End Date**: (aligned to program/project) Ongoing

MISSION STATEMENT AND GOALS

DEPARTMENT: **Police**
DIVISION: **Uniform Services**
FUND: **001**
DEPT.NO: **2110**

DEPARTMENT MISSION STATEMENT: To strengthen community trust using 21st century policing and department values to cultivate a safe city with respect for constitutional rights.

DEPARTMENT CORE SERVICES: The Boynton Beach Police Department delivers the following core services.

Proactive community safety patrols

- Response to emergency and non-emergency police calls for service
- Community Policing Programs (including outreach and engagement)
- Public Safety Communications and Dispatch (911/PSAP) Center Management
- Critical Incident Response and Management

DEPARTMENT CORE VALUES: The Boynton Beach Police Department will serve our community with Professionalism, Respect, Integrity, Dedication, and Excellence.

STRATEGIC PLAN INITIATIVES AND DEPARTMENT INITIATIVES ALIGNMENT:

City Initiative No. 4: High Performing Organization

Department Initiative No 1: To plan and develop a NEW police and fire training facility.

A new facility will be designed to provide dedicated space for scenario based training exercises that will reinforce sound decision making/judgement and tactical skills. This will include a 300-degree Video Based Weapons and Decision Making simulator, expanded firearms range for the incorporation of scenarios as well as additional classroom space that supports modern learning technologies.

Target Performance Metrics:

- Conduct a police and fire training facility needs assessment.
- Identify programming for the training facility.
- Identify building options for the site.
- Identify funding
- Construction

Department Initiative No. 2: To increase efficiency in operations department wide while improving intelligence gathering/comparison capability to further support the intelligence led policing model.

Target Performance Metrics:

- Deploy a new Records Management System that will allow for analytic review of criminal activity as well as general calls for service in the city.
- Implement usage of a Real Time Crime Center to monitor activity in the city and identify emerging trends that will lead to proactive, target directed action plans to curtail criminal activity.

Department Initiative No. 3: To implement and operationalize a digital citywide security program which includes security cameras, automatic license plate readers, analytics and additional sensors.

Target Performance Metrics:

- Install and configure cameras, facility access control, and video management software at City facilities.
- Evaluate and select strategic locations for the placement of automatic license plate readers and blue light emergency call devices in the City.

- Integrate these sensors into the Real Time Crime Center and Communications Center for daily use.
- Partner with appropriate commercial businesses and individuals.

Department Initiative No. 4: Upgrade the Police Department's scheduling system Kronos/Telestaff to the latest version. This will include transitioning the Telestaff database from Sybase to SQL Server.

Target Performance Metrics:

- Mitigate cyber security vulnerabilities.
- Increase timekeeping functionality and accountability of the cost of police operations.

Department Initiative No. 5: To Enhance the False Alarm Management Program via outsourcing.

This initiative will facilitate permitting, billing, collections and reporting via a cloud-based service that will allow alarm permit holders to monitor their accounts in real time.

- Outsource the City's False Alarm function yet still maintain the ability to monitor permit, false alarms, billing and collections information instantly at any time.
- Maintenance of real-time statistical dashboards and analytic reports from the selected company.
- Reduction of false alarm responses

City Initiative No. 5: Public Health and Safety

Department Initiative No. 1: Implement an Intelligence Led Policing strategy.

This will aid in the further reduction of crime in the City without alienating or fostering distrust by community members. The City of Boynton Beach is a community of small neighborhoods each rich in diversity of culture, ethnicity, wealth and demographics. They each prioritize incidents of crime and quality of life violations at varying levels. This initiative will identify specific neighborhood concerns, analyze crime and address crime patterns with evidence based approaches in order to deploy patrol and discretionary personnel efficiently and effectively.

- Cultivate mutual understanding and respect between the police department and neighborhood residents to build sustainable problem-solving partnerships.
- Effectively apply the Intelligence Led Policing model via data mining software to efficiently disseminate crime trends to department personnel. Social media platforms will also be used to communicate crime trends and prevention techniques to residents and business owners.
- Utilize department assets to conduct proactive traffic enforcement measures, using a combined enforcement and education approach, to reduce the number of traffic crashes and save lives.

Target Performance Metrics:

- Comparisons and tracking of calls for service
- Comparisons and tracking of part 1 crimes
- Comparisons and tracking of traffic complaints
- Comparisons and tracking of community satisfaction

These items will facilitate evaluation of initiative's impact on the objectives.

Department Initiative No. 2: Violent Crime Reduction Program

Over the past 7 months, the city has experienced an increase in violent crimes. In March 2020, the police department created the Violent Crime Task Force (VCTF) to respond to and target specific violent crime locations and offenders. In addition, to further reduce incidents of violent crime, the Uniform Services Division will proactively address violent crime by:

- Conducting platoon operations focused on violent crime locations.
- Increasing each zone officer's familiarity with violent crime nodes in their patrol areas.
- Enhancing information sharing/collaboration with the Violent Crime Task Force (VCTF) through the utilization of a point of contact (POC) on each shift.
- Engaging with community groups to share crime prevention strategies.

Target Performance Metrics:

- Measurement of violent crime rates.
- Tracking of violent crime reduction operations and assessment of their success.
- Tracking of Intelligence product sharing.
- Tracking of Crime Prevention disseminations.
- Tracking of community satisfaction results

Department Initiative No 3: Implementation of a Strategic Traffic Safety Plan

The Department will conduct selective traffic enforcement, strategic patrols and Red-Light Cameras to educate the public, reduce traffic crashes, speeding on roadways and traffic complaints throughout the city:

- Utilize crash data to determine the accident-prone locations throughout the city.
- Utilize Traffic Safety Grants to focus on these areas of the city, leading to the reduction of crashes.
- Educate the zone officers of the problem areas within their area of responsibility and where to focus their traffic enforcement efforts.
- Utilization of the department's message boards to educate and alert the public.
- Participate in state-wide traffic campaigns with a focus on the accident-prone locations in the city of Boynton Beach.

Target Performance Metrics:

- Reduction in fatality crashes
- All other crashes
- Speeding complaints
- Community Satisfaction Surveys

MISSION STATEMENT AND GOALS

DEPARTMENT: **Police** FUND: **001**
DIVISION: **Support Services** DEPT.NO: **2112**

DEPARTMENT MISSION STATEMENT: To strengthen community trust using 21st century policing and department values to cultivate a safe city with respect for constitutional rights.

DEPARTMENT CORE SERVICES: The Boynton Beach Police Department delivers the following core services.

- Proactive community safety patrols
- Response to emergency and non-emergency police calls for service
- Community Policing Programs (including outreach and engagement)
- Public Safety Communications and Dispatch (911/PSAP) Center Management
- Critical Incident Response and Management

DEPARTMENT CORE VALUES: The Boynton Beach Police Department will serve our community with Professionalism, Respect, Integrity, Dedication, and Excellence.

STRATEGIC PLAN INITIATIVES AND DEPARTMENT INITIATIVES ALIGNMENT:

City Initiative No. 4: High Performing Organization
Department Initiative No 1: To plan and develop a NEW police and fire training facility.

A new facility will be designed to provide dedicated space for scenario based training exercises that will reinforce sound decision making/judgment and tactical skills. This will include a 300-degree Video Based Weapons and Decision Making simulator, expanded firearms range for the incorporation of scenarios as well as additional classroom space that supports modern learning technologies.

Target Performance Metrics:

- Conduct a police and fire training facility needs assessment.
- Identify programming for the training facility.
- Identify building options for the site.
- Identify funding
- Construction

Department Initiative No. 2: To increase efficiency in operations department wide while improving intelligence gathering/comparison capability to further support the intelligence led policing model.
Target Performance Metrics:

- Deploy a new Records Management System that will allow for analytic review of criminal activity as well as general calls for service in the city.
- Implement usage of a Real Time Crime Center to monitor activity in the city and identify emerging trends that will lead to proactive, target directed action plans to curtail criminal activity.

Department Initiative No. 3: To implement and operationalize a digital citywide security program which includes security cameras, automatic license plate readers, analytics and additional sensors.

Target Performance Metrics:

- Install and configure cameras, facility access control, and video management software at City facilities.

MISSION STATEMENT AND GOALS

DEPARTMENT: **Police** FUND: **001**
DIVISION: **Support Services** DEPT.NO: **2112**

- Evaluate and select strategic locations for the placement of automatic license plate readers and blue light emergency call devices in the City.
- Integrate these sensors into the Real Time Crime Center and Communications Center for daily use.
- Partner with appropriate commercial businesses and individuals.

Department Initiative No. 4: Upgrade the Police Department's scheduling system Kronos/Telestaff to the latest version. This will include transitioning the Telestaff database from Sybase to SQL Server.
Target Performance Metrics:

- Mitigate cyber security vulnerabilities.
- Increase timekeeping functionality and accountability of the cost of police operations.

Department Initiative No. 5: To Enhance the False Alarm Management Program via outsourcing.

This initiative will facilitate permitting, billing, collections and reporting via a cloud-based service that will allow alarm permit holders to monitor their accounts in real time.

- Outsource the City's False Alarm function yet still maintain the ability to monitor permit, false alarms, billing and collections information instantly at any time.
- Maintenance of real-time statistical dashboards and analytic reports from the selected company.
- Reduction of false alarm responses

City Initiative No. 5: Public Health and Safety
Department Initiative No. 1: Implement an Intelligence Led Policing strategy.

This will aid in the further reduction of crime in the City without alienating or fostering distrust by community members. The City of Boynton Beach is a community of small neighborhoods each rich in diversity of culture, ethnicity, wealth and demographics. They each prioritize incidents of crime and quality of life violations at varying levels. This initiative will identify specific neighborhood concerns, analyze crime and address crime patterns with evidence based approaches in order to deploy patrol and discretionary personnel efficiently and effectively.

- Cultivate mutual understanding and respect between the police department and neighborhood residents to build sustainable problem-solving partnerships.
- Effectively apply the Intelligence Led Policing model via data mining software to efficiently disseminate crime trends to department personnel. Social media platforms will also be used to communicate crime trends and prevention techniques to residents and business owners.
- Utilize department assets to conduct proactive traffic enforcement measures, using a combined enforcement and education approach, to reduce the number of traffic crashes and save lives.

Target Performance Metrics:

Comparisons and tracking of calls for service

- Comparisons and tracking of part 1 crimes
- Comparisons and tracking of traffic complaints
- Comparisons and tracking of community satisfaction

These items will facilitate evaluation of initiative's impact on the objectives.

MISSION STATEMENT AND GOALS

DEPARTMENT: **Police** FUND: **001**
DIVISION: **Support Services** DEPT.NO: **2112**

Department Initiative No. 2: Violent Crime Reduction Program

Over the past 7 months, the city has experienced an increase in violent crimes. In March 2020, the police department created the Violent Crime Task Force (VCTF) to respond to and target specific violent crime locations and offenders. In addition, to further reduce incidents of violent crime, the Uniform Services Division will proactively address violent crime by:

Conducting platoon operations focused on violent crime locations.

- Increasing each zone officer's familiarity with violent crime nodes in their patrol areas.
- Enhancing information sharing/collaboration with the Violent Crime Task Force (VCTF) through the utilization of a point of contact (POC) on each shift.
- Engaging with community groups to share crime prevention strategies.

Target Performance Metrics:

- Measurement of violent crime rates.
- Tracking of violent crime reduction operations and assessment of their success.
- Tracking of Intelligence product sharing.
- Tracking of Crime Prevention disseminations.
- Tracking of community satisfaction results

Department Initiative No 3: Implementation of a Strategic Traffic Safety Plan

The Department will conduct selective traffic enforcement, strategic patrols and Red-Light Cameras to educate the public, reduce traffic crashes, speeding on roadways and traffic complaints throughout the city:

- Utilize crash data to determine the accident-prone locations throughout the city.
- Utilize Traffic Safety Grants to focus on these areas of the city, leading to the reduction of crashes.
- Educate the zone officers of the problem areas within their area of responsibility and where to focus their traffic enforcement efforts.
- Utilization of the department's message boards to educate and alert the public.
- Participate in state-wide traffic campaigns with a focus on the accident-prone locations in the city of Boynton Beach.

Target Performance Metrics:

- Reduction in fatality crashes
- All other crashes
- Speeding complaints

MISSION STATEMENT AND GOALS

DEPARTMENT: **Fire** FUND: **001**
DIVISION: **Fire Rescue** DEPT.NO: **2210**

DEPARTMENT MISSION STATEMENT:

Building a safer community by providing the highest level of culturally sensitive, and fiscally responsible emergency response and community outreach services that meet or exceed the expectations of our external and internal customers.

DEPARTMENT CORE SERVICES:

Boynton Beach Fire Rescue is committed to providing the residents and visitors of this community with a team of skilled and culturally sensitive public safety professionals dedicated to preserving and protecting life, property and the environment for all our citizens, visitors and employees.

STRATEGIC GOALS AND DEPARTMENT INITIATIVES/ACTIONS ALIGNMENT:
Strategic Goal - Environmental Sustainability:

Department Initiatives No. 1: Enhancing organizational commitment to sustainability by assuring that facilities, fire apparatus, personal protective equipment, uniforms, and technical equipment are optimized to meet the standards of reusable and sustainable materials when possible.

1. Improve the tracking, management, and maintenance of fire rescue equipment and apparatus.

2. Ensure that all firefighting turnout gear is manufactured and purchased maintained in accordance with *NFPA 1851, Standard on Selection, Care, and Maintenance of Protective Ensembles for Structural Fire Fighting and Proximity Firefighting.*

3. Ensure the new dock/lift being constructed for BBFD and BBPD is inline with current best practice materials for sustainability. Public Safety Dock is under construction with an estimated completion of 2/25

Target Performance Metrics:

1. Implementing the new inventory control and tracking system to record and analyze preventive maintenance on equipment and emergency vehicles.

2. Maintain and re-evaluate the Department-wide system for tracking and monitoring the inspection, cleaning, and maintenance of turnout gear.

3. New dock built with sustainability and longevity related materials.

City Initiative No. 2: Building Wealth in the Community

Department Initiatives No. 1: The goal of Boynton Beach Fire Rescue reflects the brand of our community through the delivery of fiscally responsible emergency and public safety services that meet or exceeds regional and national standards.

1. Analyze national public safety initiatives and trends for opportunities to improve or expand our scope of service.

2. Complete a review and update of mission critical policy and procedural documents.

3. Meet or exceed the regional standard of care

4. Develop tools and processes to collect and analyze community feedback.

Target Performance Metrics:

MISSION STATEMENT AND GOALS

DEPARTMENT: **Fire** FUND: **001**
DIVISION: **Fire Rescue** DEPT.NO: **2210**

1. Evaluate the feasibility of a community paramedic/mobile integrated health program.

2. All standard operating procedures will be reviewed on-going.

3. Evaluation of emergency response times and other objective indicators of service delivery. Work toward achieving an Insurance Service Organization rating of 1.

4. Collect and analyze public comment cards and letters, develop a process to develop and distribute customer survey tools to evaluate organizational performance.

Department Initiatives No. 2: Strengthening the Department's revenue base to support a strong local economy.

1. Improve revenue collections for fire rescue department services by outsourcing fire rescue transport and fire prevention billing. This move has dramatically increased EMS transport revenue to the general fund.

2. Establish recruitment strategies that encourage and promote the hiring residents.

3. Community outreach through re-instituting our Fire Explorer Program, creating a Segway for residents to seek careers in the Fire Service. (complete)

Target Performance Metrics:

1. Expand mobile electronic data collection to support EMS billing. Outsourcing EMS-Transport and Fire Prevention billing. (complete)

2. Assist with the validation and collection of the fire assessment fee.

3. Apply for applicable local, state and federal grant funding opportunities.

4. Pursue cost recovery opportunities through the public emergency medical transportation (PEMT) program.

5. Develop a local recruitment program.

Department Initiatives No. 3: Developing a high-performance organization by improving departmental performance and efficiency

1. Enhance the collection, storage and retrieval of records and operational data

2. Improve operational efficiency through data analysis, benchmarking, and using dashboards to analyze metrics that are mission critical.

3. Improve performance of employees and strengthen leadership skills.

Target Performance Metrics:

1. The identification and implementation of a department-wide records management system.

2. Expand mobile electronic data collection for all aspects of Fire Rescue Department operations.

3. Work towards department accreditation through CFAI Commission of Fire Accreditation International

Department Initiatives No. 4: Developing a high-performance organization by supporting a highly skilled culturally competent workforce

1. Provide staff with training to maintain and enhance technical skill and abilities and to provide opportunities for

personal and professional development.

2. Enhance staff leadership qualities by providing leadership training.

MISSION STATEMENT AND GOALS

DEPARTMENT: **Fire** FUND: **001**
DIVISION: **Fire Rescue** DEPT.NO: **2210**

MISSION STATEMENT AND GOALS

DEPARTMENT: **Planning and Development**
DIVISION: **Development Services**
FUND: **001**
DEPT.NO: **2410**

DEPARTMENT STRATEGIC GOAL ALIGNMENT

CITY VISION STATEMENT: A welcoming and prosperous coastal community that exemplifies inclusion, equity, and resilience.

CITY MISSION STATEMENT: Provide excellence in service through high performing teams, who demonstrate servant leadership.

DEVELOPMENT SERVICES MISSION STATEMENT: To be the preferred municipality that attracts residents, businesses, and developers through world class service and innovative and efficient processes.

DEPARTMENT CORE SERVICES:

- Provide accessible and effective customer service to property owners, developers, and business owners within the City.
- Manage the City's Development Application intake for permitting, business tax, and planning and zoning.
- Oversee, manage, and apply the City's Land Development Regulations.
- Develop long term visions and policies to make the application intake process more customer friendly and efficient.
- Allow for efficient and convenient options for customer contact and engagement.
- Ensure that we are providing exceptional customer service through the development process.
    - Educate residents and business owners of the city ordinances, policies, programs, software and initiatives all while improving application turnaround times and experiences.

High Performing Organization:

Objective 1: Maintain effective and efficient service delivery and continued excellence through organizational governance and internal support and external services.

. **Value to the Community**

a) Efficient plan review.
b) Streamlined business application processing.
c) Increased accessibility to address developmental needs.
d) Benefits the contractor's bottom line and customer experience.

. **Short Term Challenges and Opportunities**

e) Creating the value for customers to be motivated to take advantage of the available educational resources to learn and transition to the new software.
f) New software implementations have a small window of time where staff is learning and attempting to address drawbacks and/or obstacles identified after implementation is completed.
g) Software obstacles and shortfalls may decrease training and educational effectiveness.
h) The educational resources provide staff with an opportunity to build and maintain relationships with the public and sharpen public speaking engagements.

. **Long Term Challenges and Opportunities**

i) Budgetary constraints may make it difficult to expend excessive resources for robust systems.

DEPARTMENT STRATEGIC GOAL ALIGNMENT

CITY VISION STATEMENT: A welcoming and prosperous coastal community that exemplifies inclusion, equity, and resilience.

CITY MISSION STATEMENT: Provide excellence in service through high performing teams, who demonstrate servant leadership.

DEPARTMENT MISSION STATEMENT: To promote the development of the City at each phase of the development cycle through proactive planning, efficient permitting, and effective code compliance while providing quality service and continuously enhancing public health, safety and the quality of life for the residents of the City of Boynton Beach.

COMMUNITY STANDARDS MISSION STATEMENT: The Community Standards Department is determined to enforce the City Codes uniformly ensuring the health, safety, welfare, and quality of life for the residents and businesses of the City of Boynton Beach. Community Standards is committed to encouraging good neighbor practices through examples of excellent community stewardship. To achieve sustainable compliance through cooperation and support, inspiring long-term results, and providing excellent customer service.

DEPARTMENT CORE SERVICES:

- Educate residents and business owners of the city ordinances all while seeking voluntary compliance.
- Gather information and evidence needed for the coordination of City's Special Magistrate Hearings for Community Standards, Fire Life Safety, Animal Control and Chronic Nuisance.
- Proactively identify and abate public nuisances.
- Educate residents and business owners about the City ordinances while seeking voluntary compliance.
- Build meaningful relationships with the public.
- Respond to citizens' requests for service for enforcement of city regulations.
- Proactively enforce city regulations city-wide.
- Record liens, process releases of liens, and perform code violation searches for interested parties.
- Educate citizens on city codes and recognize examples of stewardship.

STRATEGIC GOALS VALUE, CHALLENGES, & OPPORTUNITIES:

Goal 1: Financially Sound City Government; Providing Exceptional Services

Objective 1: Provide a high level of City core services responsive to the needs of the entire Boynton Beach community..

. **Initiative supporting the objective**: Developed a lien amnesty program to provide property owners with an opportunity to resolve their code enforcement issues and obtain a clear title that will allow them to refinance or sell their properties.
  a) Target completion date: Summer 2025
  b) Key performance indicators:
    i. Number of liens satisfied.
    ii. Number of properties in full compliance

Objective 2: Focus on and fund City core services and responsibilities.

. **Initiative supporting the objective**: Collaborate with community-based organizations, business owners and association board members to educate and gain support regarding the development process and code compliance.

a) Target completion date: ON-GOING
b) Key performance indicators:
   i. Number of meetings attended
   ii. Number of relationships established
   iii. Number of undocumented issues resolved.

. **Initiative supporting the objective**: Enhance current informational brochures and create new avenues to distribute educational information to residence and business owners.

c) Target completion date: Spring 2025
d) Key performance indicators:
   i. Brochures updated
   ii. Number of way education information is being distributed

. **Initiative supporting the objective:** Provide workshops designed to educate residents and businesses within the City about Community Standards. Workshops will provide attendees with an overview of the Department, the mission, goals, the compliance and enforcement process, and limitations to the processes.

a) Target completion date: Spring 2025
b) Key performance indicators:
   i. Number of attendees per workshop.
   ii. Number of complaints drive cases reduced..

Goal 4: A Safe, Clean and Attractive Community

Objective 1: Have residents feeling safe at any location within Boynton Beach.

a) **Target End Date**: Summer 2025
b) **Key Performance Indicators**:
   i. Number of bi-annual inspections done under this initiative.
   ii. Number of properties brought into compliance under this initiative.

Objective 2: Have attractive medians, streetscapes and landscaping both, public and private.

a) **Target End Date**: Summer 2025
b) **Key Performance Indicators:**
   i. Number of ordinances updated
   ii. Number properties comply with new standards

MISSION STATEMENT AND GOALS

DEPARTMENT: **Planning and Development**
DIVISION: **Engineering**
FUND: **001**
DEPT.NO: **2413**

DEPARTMENT MISSION STATEMENT:

To provide efficient, centralized, and cost-effective municipal engineering and project management services for the benefit of the City to all stakeholders (i.e. colleagues, residents, and businesses).

Provide value added construction services by creating successful partnerships through the entire construction process. Our pledge is to deliver quality projects with integrity, innovation, leadership, and aggressive performance, that will earn trust from our clients that will enhance public services and quality of life for the community.

DEPARTMENT CORE SERVICES:

- Plan for the future
- Provide Expertise
- Provide Services to Construct, Preserve and Improve the City's Infrastructure
- Procure Consulting services to provide required design drawings for Capital Improvement Projects.
- Review site plans, building department plans, Land Development plans and Right-of-way plans for conformity to City standards and City Ordinances.
- Provide Oversight on C.I.P. Assigned Projects
- Provide Cost and Time analysis of projects.
- Provide Construction Information / logistics in securing Grants

STRATEGIC GOALS AND DEPARTMENT VALUE, CHALLENGES AND OPPORTUNITIES

STRATEGIC GOAL: Accessible Transportation and Mobility

. **Value to the Community**: Engineering provides expertise to complete civil projects
  a) Hires Consultants to design Capital Improvement Projects,
  b) Hires Contractors to install sidewalks and replace roads,
  c) Manages Contracts to make sure projects are completed on time and within budget.
  d) Defines projects need by the community and budgets projects,
  e) Conceptually

. **Short Term Challenges and Opportunities**:
  f) Road Rehabilitation is primarily funded by sales tax funding
  g) CIP Funding fluctuates from year to year.
  h) Roads scheduled for rehabilitation often have utility issues that need correction in advance of resurfacing.

. **Long Term Challenges and Opportunities**:
  i) Road surfaces in poor condition degrade at a faster pace.
  j) Roads without stormwater collection systems degrade at a faster pace.

STRATEGIC GOAL: High Performing Organization

. **Value to the Community**: A high performing Engineering team can get more work done and save the City time and money

MISSION STATEMENT AND GOALS

DEPARTMENT: **Planning and Development**
DIVISION: **Engineering**
FUND: **001**
DEPT.NO: **2413**

a) Implementing designs for current project that include infrastructure for the future
b) Project Management that has design and construction experience can better negotiate fees and costs with Consultants and Contractors.
c) Experienced engineers solve engineering problems quickly and avoid expensive Alternatives.

. **Short Term Challenges and Opportunities**:

d) Only one member of staff with experience
e) Resource Management
f) Project scope changes
g) Unbudgeted projects are frequently requested. Unfunded projects use funds that are required by approved projects.
h) Current Market conditions driving project's cost

. **Long Term Challenges and Opportunities**:

i) Funding available for all future projects
j) Prioritizing Projects
k) Making sure staff works the career path.

STRATEGIC GOAL: Safe, Inclusive, and Resilient Public Spaces

. **Value to the Community**: Making sure security and ADA requirements are implemented in new projects.

a) Accommodations made in consideration of those with a disability often benefits all residents.
b) Security in parks reduces vandalization and littering and increases usership

. **Short Term Challenges and Opportunities**:

c) Cameras are installed in the year following a park improvement.
d) ADA deficiencies (i.e. detectable warnings at crosswalks and cross slopes) are corrected in conjunction with adjacent projects.

. **Long Term Challenges and Opportunities**:

e) Due to market conditions, the technology in the cameras has become scarce.
f) Many of the items listed in the ADA Transition plan are programmed in the CIP.

STRATEGIC GOAL: Environmental Sustainability

. **Value to the Community**:

a) Using recycled materials, like crushed concrete, can save money
b) Using recycled materials can save space in landfills
c) By considering FEMA flood map elevations, projects can be built so that it precludes the needs for flood insurance.

. **Short Term Challenges and Opportunities**: List primary short-term threats, challenges, and opportunities for growth and success (Repeat for each goal).

d) FEMA is planning on releasing an update to its current flood map.
e) Installing trees reduces the City's carbon footprint.
f) Trees planted in open spaces require maintenance and increase the City's maintenance costs.

MISSION STATEMENT AND GOALS

DEPARTMENT: **Planning and Development**
DIVISION: **Engineering**
FUND: **001**
DEPT.NO: **2413**

. **Long Term Challenges and Opportunities**: List primary long-term threats, challenges, and opportunities for growth and success (Repeat for each goal).

g) Climate Change
h) Additional Changes to the FEMA Flood Maps
i) Trees planted in the name of sustainability may need to be removed to accommodate the changing needs of the community.

STRATEGIC GOALS AND DEPARTMENT OBJECTIVE, INITIATIVES/ACTIONS, KPI ALIGNMENT:
STRATEGIC GOAL: Accessible Transportation and Mobility

. **Objective** 1: Consider alternative modes of transportation when resurfacing roads.

a) **Initiative 1: Initiative supporting the objective**: Some roadways can be narrowed by adding pavement markings. The unused portion of the road surface can be used as a bike path.
   i. Target completion date – Considered for each road project.
   ii. Key performance indicators – Bike Paths are shown on the Greenway plan.

STRATEGIC GOAL: High Performing Organization

. **Objectiv**e 1: Staff completes projects with budget and schedule in mind.

a) **Initiative 1: Initiative supporting the objective**: Staff background is in private consulting engineering
   i. Target completion date – 9/30/2022
   ii. Key performance indicators: All FTE are filled.

STRATEGIC GOAL: Safe, Inclusive, and Resilient Spaces

. **Objectiv**e 1: All Projects include ADA and security infrastructure.
. **Initiative 1: Initiative supporting the objective**: The ADA coordinator and the Police department are included as stakeholders and review the plans.

a) Target completion date - Ongoing
b) Key performance indicators – Projects are built to the satisfaction of the ADA Coordinator and the Police Department's liaison.

STRATEGIC GOAL: Environmental Sustainability

. **Objectiv**e 1: Projects are built to last

a) **Initiative 1: Initiative supporting the objective**: The Sustainability Coordinator is a Stakeholder and included in all phases of the planning and design.
   i. Target completion date - ongoing
   ii. Key performance indicators – project service life

City of Boynton Beach - Construction Services Department

DEPARTMENT: **Planning and Development**
DIVISION: **Engineering**

FUND: **001**

Objectives for Projects Cycles by Types: (CIP/Major/Minor/Drive Safe)

CIP PROJECTS:

- Seed all Street/Sidewalk CIP Projects (**not consultant dependent**) to have a defined scope of work, plans, and corresponding bids that align with department budgetary constraints at the onset of new fiscal year (October 1)
- Facilitate procurement process by securing all Street/Sidewalk CIP Project POs (**not consultant dependent**) at onset of new fiscal year (October 1)
- Execute, complete and deliver all Street/Sidewalk CIP Projects awarded in the fall by the end of 2nd fiscal quarter (early-late Spring)

MAJOR Construction Projects (consultant driven):

- Major-Larger more complex projects (consultant dependent) shall have a defined scope of work and quote for corresponding consulting services or construction no later than October 30th.
- Major-Larger complex projects (consultant dependent) shall have the consulting services or construction POs in place within 90 days (predicated by the requirement of Commission Approval as applicable) (ie: December-Jan)

MINOR Construction Projects (non-consultant driven):

- Minor Construction CIP Projects (non consultant dependent) shall have all scopes of work developed and mandatory site bid visits completed by the end of October.
- Minor Construction CIP Projects shall have all quoting info returned and ready for award and execution by the end of November, and heve completed the procurement purchase order process no later than November 30th.

DRIVESAFE BOYNTON Projects:

- List of priority projects designated for execution shall be published no later than October 1st.
- Target completion dates for "Drive Safe" projects shall be executed and completed no later than February 1st.
- Pavement Preservation Projects

PAVEMENT PRESERVATION

- Partner with pavement preservation specialists via established piggy back contracts to extend useful service life of city roadway assets.
- Identify and submit preservation candidate roads list from prior 2-3 of completed road-resurfacing projects and obtain pricing quotes by end of October.
- Complete procurement cycle for all preservation projects no later than end of November.

MISSION STATEMENT AND GOALS

DEPARTMENT: **Public Works**
DIVISION: **Beautification & Streets**
FUND: **001**
DEPT.NO: **2512**

DEPARTMENT MISSION STATEMENT: To provide the citizens, business owners, and general public with well-maintained streets, sidewalks, and street lights.

DEPARTMENT CORE SERVICES:

- Main Streets – Perform/ Execute Street Repairs, Road Resurfacing Projects, roadway pavement marking and roadway signage requirements by deploying timely, cost effective measures for repairs and replacement needs.
- Main Sidewalks – Perform/Execute repairs, replacement and new construction of pedestrian circulation network in both commercial and residential communities.
- Maintain Street Lights – Repair and replace, or construct new lighting feature(s)/ network(s) to promote public safety and security objectives.

STRATEGIC GOALS AND DEPARTMENT VALUE, CHALLENGES AND OPPORTUNITIES
STRATEGIC GOALs: Accessible Transportation and Mobility and High Performing Organization

a) **Value to the Community:**
   i. Streets - Improved motorist safety, and manage roadway life cycles
   ii. Sidewalks – Improved pedestrian and ADA safety measures
   iii. Street Lights - Improved safety and security for both commercial and residential communities

b) **Short Term Challenges and Opportunities:**
   i. Streets - Accelerated deterioration of roadways at the mid or end of useful life cycle/Current budget does not meet current needs, as the city grows so too does its need for maintenance and improvements for roadway projects to reverse the current trend.
   ii. Sidewalks - Accelerated deterioration and potential litigation against the city /Current budget does not meet current needs, as the city grows so too does its need for maintenance and improvements for sidewalk construction projects that conform to current ADA standards and requirements as dictated by law.
   iii. Street Lights – Potential increase in safety related and crime incidents/ Implement program to reduce cost and optimize network performance with technology advancements/ improved safety and security for both commercial and residential communities

c) **Long Term Challenges and Opportunities:**
   i. Streets – Declining assessment scores for existing roadway conditions/ Current budget allocations inadequate to drive the improvements required to maintain and gain ground on deteriorating roadway network/ Larger budget to enable more projects per annum to reverse the existing trend of lower roadway assessment scores
   ii. Sidewalks – As the city grows and existing areas become more aged, the needs of the pedestrian circulation networks will also grow, especially considering the trending of more densely populated communities in the downtown areas/ additional development will require a larger budget to effectively maintain existing and develop newly constructed, considering ADA laws and improving public safety. Larger budget allocation for this work will enable to cover greater area and similar needs within the commercial and residential communities
   iii. Street Lights – Potential increase in safety related and crime incidents/ Implement program to reduce cost and optimize network performance with technology advancements/ improved safety and security for both commercial and residential communities

Utility Fund

The Water and Sewer Utility Fund is the largest Enterprise Fund of the City. It includes the operation of our water, sanitary sewer and storm-water systems that serve over 117,000 people. For FY 2024-25, the operating revenues have been averaging annually over a 15.1% 4.8 increase, now $612.7M. The annual expenses (personnel, contractual services, chemicals/supplies, etc.) to operate and serve the customers have been consistent, averaging around $36M over the last three years. Operating expenses are projected to decrease from $34.5M to $33.3M by FY 2025-26.

The transfers to the Utility General CIP Fund will continue to support future capital projects and improve the infrastructure of the Utility. The transfer of $16.9M to the General Fund (for indirect cost) and Utility General CIP Fund will be maintained at the same level of funding over the next two years.

The projected two years from FY 2025-26 to FY 2025-26 will provide additional revenues to increase Net Assets. However, fund balance will be needed to support the ongoing increase in operational costs. The trends for revenues growth has been consistently increasing year-over-year at 3% to 8%. This annual increase in water and sewer revenues is directly related to the population growth and commercial customers.

MISSION STATEMENT AND GOALS

DEPARTMENT: **Utilities**
DIVISION: **Water / Wastewater / Stormwater Services**
FUND: **401**
DEPT.NO: **All**

DEPARTMENT MISSION STATEMENT:

To provide outstanding water, wastewater, stormwater and reclaimed water services to our customers while keeping rates reasonable and strive to continually enhance performance of a resilient and environmentally sustainable infrastructure for a better living environment for our residents, businesses and visitors as well as a safe and thriving work environment for our employees.

DEPARTMENT CORE SERVICES:

- Public Drinking Water Supply and Treatment meeting all regulatory requirements
- Drinking Water Distribution meeting drinking water standards
- Wastewater Collection and Transmission with no sewer overflows
- Reclaimed Water Distribution to improve water conservation and reuse
- Stormwater and Drainage Management to reduce neighborhood flooding
- Customer Relation and Services by efficient and affordable billing and metering
- Chilled Water Generation and Distribution to provide sustainable and affordable energy options
- Climate Action Planning and Implementation

STRATEGIC GOALS AND DEPARTMENT INITIATIVES/ACTIONS ALIGNMENT:

Strategic Goal: Culturally Distinct Districts
Department Initiatives/Actions Alignment: (repeat for each Strategic Goal)

. **Enhance the utility's District Energy System to provide redundant chilled water generating capacity for air conditioning serving downtown developments**

a) **Value to the Community**:
   i. Provide centralized chilled water to replace individual air conditioners
   ii. Realize energy efficiency and more efficient operations with a centralized facility
   iii. Provide air conditioning capacity to support downtown redevelopment

b) **Short Term Challenges and Opportunities**:
   i. Operate equipment sized for full build-out as construction progresses in phases
   ii. Obtain smaller chiller unit sized for lower air conditioning demands
   iii. Maintain facility and equipment to meet short term needs

c) **Long Term Challenges and Opportunities**:
   i. Meet future air conditioning demand for full build-out of downtown development
   ii. Train staff to maintain in-house knowledge of the District Energy system and equipment
   iii. Challenges - Budget for life-cycle replacement of equipment in the future

d) **Target End Date**: Ongoing

e) **Key Performance Indicators**:
   i. Provide back-up chilling capacity for delivery of chilled water to City Hall and the cultural center within the Town square and downtown development
   ii. Operate and maintain efficient chiller equipment within design parameters of equipment

iii. Train staff to maintain in-house knowledge of the District Energy system and equipment

. **Develop conceptual plans and obtain conceptual permit approvals for enhanced stormwater management within the downtown watershed area**

f) **Value to the Community**:
   i. Minimize flood risks to residents and businesses
   ii. Support redevelopment of the downtown Ocean Avenue and Federal Highway corridor
   iii. Provide a vibrant downtown area with Downtown Pond as a water feature and recreation area

g) **Short Term Challenges and Opportunities**:
   i. Conduct master planning with City and CRA staff to identify needs
   ii. Design improvements to underground piping and Downtown Stormwater Pond as necessary
   iii. Construct improvements prior to development needs

h) **Long Term Challenges and Opportunities:**
   i. Provide infrastructure for the redevelopment of the downtown Ocean Avenue and Federal Highway corridors
   ii. Provide funding in Utilities Capital Improvement Plan
   iii. Stormwater discharges to downtown system may be limited due to capacity of the infrastructure and Downtown Pond
   iv. Sea level rise impacts and other climate change impacts

i) **Target End Date**: ongoing

j) **Key Performance Indicators**:
   i. Finalize the conceptual downtown watershed report and obtain conceptual approval of the plan from the South Florida Water management District
   ii. Finalize master redevelopment plan with City and CRA staff
   iii. Provide funding for CIP projects to support development and redevelopment

. **Continue to partner with the public, private and community sectors to encourage new business development that allows the City to thrive and grow while providing more opportunities for jobs as well as community engagement**

k) **Value to the Community**:
   i. A thriving and vibrant downtown district for residents, businesses and visitors.

l) **Short Term Challenges and Opportunities**:
   i. Ensuring utilities infrastructure can meet the needs of the community
   ii. Educating developers and businesses for better management of water resources
   iii. Working closely with CRA and other City departments for the best work product.

m) **Long Term Challenges and Opportunities**:
   i. Continuing Master Planning for the downtown district
   ii. Stormwater drainage challenges due to climate change impacts and increased density

n) **Target End Date**: ongoing

o) **Key Performance Indicators**:

MISSION STATEMENT AND GOALS

DEPARTMENT: **Utilities** FUND: **401**
DIVISION: **Water / Wastewater / Stormwater Services** DEPT.NO: **All**

i. Staff continues to review new development plans for the downtown area for compliance with City standards.

Strategic Goal: High Performing Organization

. **Continue to evaluate and optimize water treatment processes at the City Water Treatment Plants (WTP)**

a) **Value to the Community**:
   i. Providing safe and aesthetically pleasing drinking water at affordable rates to our customers
   ii. Building trust with the community
   iii. Being efficient and effective by using best management practices
   iv. Safe and thriving work environment for employees

b) **Short Term Challenges and Opportunities**:
   i. Increasing regulatory challenges can drive treatment decisions
   ii. Increasing cost of supplies and services
   iii. Better and more efficient treatment and monitoring equipment
   iv. Opportunities-Federal funding availability for water infrastructure improvements

c) **Long Term Challenges and Opportunities**:
   i. Developing a master plan for both water plants
   ii. Aging infrastructure and cost
   iii. Increasing scarcity of skilled workforce
   iv. Challenges-Potential salt water intrusion because of climate change and sea level rise and finding alternative sources of water
   v. Challenges-Increasing demands for potable water due to population growth

d) **Target End Date**: ongoing

e) **Key Performance Indicators**:
   i. Master plans for Source water, East and West Water Treatment Plants and Water Distribution
   ii. Condition assessment for treatment and transmission infrastructure
   iii. Reduction in safety incidents and workers compensation cost

. **Improve accuracy of the Utility's base maps for water, reclaimed water, wastewater, stormwater and chilled water infrastructure piping and facilities**

f) **Value to the Community**:
   i. Maintain detailed maps for the location of all Utilities underground infrastructure
   ii. Provide data to developers and engineers for new development and redevelopment projects
   iii. Support growth and expansion of the Utilities Infrastructure
   iv. Reduces response time for infrastructure emergencies.

g) **Short Term Challenges and Opportunities**:
   i. Challenges-Collect GIS data and update GIS layers for underground utilities due to shortage of skilled staff
   ii. Challenges-Opportunities-Train staff to use Collector app and other tools

iii. Challenges and Opportunities- Perform QA/QC with engineering, inspections, and management staff for final as-built drawings for all CIP, Development as well as R&R projects.

iv. Challenges and Opportunities -Develop workflow processes for better efficiencies

h) **Long Term Challenges and Opportunities**:

i. Challenges and Opportunities -Create hyperlinks in GIS to as-built drawings

ii. Challenges-Update GIS layers regularly to incorporate CIP and development projects as they are completed

iii. Challenges and Opportunities-Continue to train and involve staff to use GIS information on a daily basis

i) **Target End Date**: Started March 2024, ongoing continuous improvements

j) **Key Performance Indicators**:

i. We will continue collecting GIS data to improve base maps (drinking water and reclaimed water distribution, wastewater collection, and stormwater system infrastructure) to support development decisions and capacity and transmission needs.

1) Complete GIS layer updates
2) Create hyperlinks in GIS to as-built drawings
3) Complete process flow maps
4) Finalize AutoCAD and GIS standards

. **Expanding the Utilities Asset Management and work order system to include wells, wastewater pumping stations, district energy system, and remote water storage facilities is a strategic endeavor. This initiative seeks to optimize operational efficiency by comprehensively integrating key infrastructure components into our management framework.**

k) **Value to the Community**:

i. Improve and enhance Customer Service response time and satisfaction by promptly addressing customer inquiries and issues, leading to higher levels of satisfaction and trust among residents.

ii. Transparent Communication: Communicating results derived from data analysis fosters transparency and accountability, building trust with stakeholders and garnering support for future initiatives.

iii. Proactively preparing for population growth and evolving customer expectations by modernizing infrastructure and service delivery processes, ensuring scalability and adaptability to meet future demands

iv. Climate Resilience: Developing effective strategies to handle climate change impacts, like extreme weather events, ensuring consistent service levels despite challenges.

v. Timely Service Delivery: Providing excellent service promptly, ensuring residents receive the support and assistance they need when they need it most.

vi. Reduced Service Interruptions: Minimizing service interruptions and operational costs through streamlined operations, ultimately leading to more affordable utility rates for residents.

vii. Safety and Sustainability: Creating safer, more sustainable communities and work environments for staff by implementing modern asset management practices and technologies. Ensure resilient utility infrastructure assets

MISSION STATEMENT AND GOALS

DEPARTMENT: **Utilities** FUND: **401**
DIVISION: **Water / Wastewater / Stormwater Services** DEPT.NO: **All**

viii. Resilient Infrastructure: Ensuring the resilience of utility infrastructure assets against potential threats and disruptions, enhancing the overall reliability and longevity of critical systems.

ix. Efficiency Through Automation: Replacing outdated, time-consuming inspection and assignment tracking forms with modern, cost-effective online workflows, improving efficiency and accuracy in asset management processes.

l) **Short Term Challenges and Opportunities**:

i. Challenges-Training staff to utilize asset management systems

ii. Challenges-Providing appropriate and affordable tools compatible with asset management system

iii. Collecting usable and useful data that can be analyzed for trends

iv. Opportunities-Preventative and Predictive maintenance rather than reactive operations.

m) **Long Term Challenges and Opportunities**:

i. Cost of replacing asset management system and keeping up with the changing industry

ii. Opportunities-Preventative and Predictive maintenance rather than reactive operations.

iii. Keeping staff trained, engaged and maintain updated datasets

n) **Target End Date**: December 2023 for the asset management system utilities data up to date.

o) **Key Performance Indicators**:

i. Completion of Preventive maintenance work orders on a monthly basis

ii. Reduction of corrective maintenance work versus preventive maintenance work

iii. Reducing cost for after hours call outs for preventable emergencies

iv. Reducing life cycle cost of assets and improve asset life span

. **Continue to enhance utility customer service culture, efficiency and effectiveness**

p) **Value to the Community**:

i. Create a clear customer experience vision

ii. Provide exceptional service for our customers

iii. Encourage honest customer feedback and better engagement with the community

q) **Short Term Challenges and Opportunities**:

i. Understanding customer expectations

ii. Exceeding customer experience

iii. Choosing the right channels and tools

r) **Long Term Challenges and Opportunities**:

i. Invest in Self-Service solutions

ii. Opportunities-Regularly communicate and engage with customers

iii. Opportunities-Strengthen the customer service team

s) **Target End Date**: Web based portal by December 2024

t) **Key Performance Indicators**:

i. Develop a web-based customer portal where utility customers can track water use and manage their accounts at an affordable cost

ii. Leverage multi-channel servicing platforms; MyCivic and email support

iii. Social media customer support

. **Provide professional development opportunities to field and office employees to help with professional growth and development.**

u) **Value to the Community**:
   i. Improved and skilled workforce providing improved quality of service to our customers
   ii. Better prepared and informed employees-continuity of operations
   iii. Better response for emergency services and customer issues

v) **Short Term Challenges and Opportunities**:
   i. Standardized training of staff and filling vacancies with skilled workforce
   ii. Changing the work culture from being reactive to proactive
   iii. Staff input for reviewing and revising process flows for operational efficiencies

w) **Long Term Challenges and Opportunities**:
   i. Retaining experienced staff and attracting new talent
   ii. Continued review of job descriptions, career paths and pay grades to stay competitive with other municipalities and private sector
   iii. Losing staff to retirement

x) **Target End Date**: Ongoing, currently completing review of job descriptions and career paths and reorganization

y) **Key Performance Indicators**:
   i. Retention rates
   ii. Reduction in call outs and missed work days
   iii. Certifications, licenses and defined training program completion

Strategic Goal: Safe Spaces

. **San Castle neighborhood drainage and underground utilities improvement**

a) **Value to the Community**:
   i. Minimize flood risks and improved drainage in the neighborhood
   ii. Reduce potential sewer spills or water main leaks
   iii. Improved fire suppression needs throughout the neighborhood

b) **Short Term Challenges and Opportunities**:
   i. Opportunities-$16.5 Million DEO grant money available
   ii. Ensuring all grant requirements are fulfilled, including environmental assessment
   iii. Maintaining infrastructure during design and construction
   iv. Need additional staff (external) for grant management

c) **Long Term Challenges and Opportunities**:
   i. Opportunities-Improved property values and living conditions in the neighborhood
   ii. Opportunities-Improved infrastructure with a longer life span of utility assets
   iii. Opportunities-Reduced unplanned emergency response cost

d) **Target End Date**: Fall 2027

e) **Key Performance Indicators**:

MISSION STATEMENT AND GOALS

DEPARTMENT: **Utilities** FUND: **401**
DIVISION: **Water / Wastewater / Stormwater Services** DEPT.NO: **All**

i. Reduced drainage issues and after hour call-outs
ii. Reduced complaint call volume from concerned residents
iii. Reduced costs for mitigating flooding incidents.

. **Major upgrade of Master Lift Station 317 located on Boynton Beach Blvd. west of Congress Avenue**

f) **Value to the Community**:
i. Efficient pumping and sewer transmission reducing potential sewer overflows and odor concerns
ii. Improved level of service to the customers
iii. Safer environment for public health

g) **Short Term Challenges and Opportunities**:
i. Challenges-Maintaining the lift station during design and construction
ii. Educating neighborhood regarding Fats, Oils and Grease and rags in the collection system
iii. Challenges-Avoid disruptions in sewer flow during construction as it is a major lift station by bypassing the station

h) **Long Term Challenges and Opportunities**:
i. Improved efficiency in pumping with more energy efficient pumps and motors
ii. Support population growth due to new development and redevelopment by increased capacity
iii. Master plan for wastewater collection and pumping for better efficiencies and bypass opportunities.

i) **Target End Date**: Design by Spring 2023, Construction by Fall of 2025

j) **Key Performance Indicators**:
i. Reduced energy consumption at the station
ii. Reduced maintenance cost and after-hours staff call outs
iii. Improved pumping and transmission efficiencies.

Strategic Goal: Environmental Sustainability

. **Improve reliability, energy efficiency, and functioning of pipelines and other infrastructure serving water, waste water, reclaimed water, chilled water and stormwater customers**

a) **Value to the Community**:
i. Reduce costs to the Utility by increasing efficiencies
ii. Contribute to greenhouse gas reduction targets to help mitigate climate change
iii. Improve service reliability for residents and businesses.

b) **Short Term Challenges and Opportunities**:
i. Opportunities-Availability of federal funding for infrastructure projects
ii. Challenges- Supply and demand parts and materials including energy efficient equipment
iii. Master planning for system improvements

c) **Long Term Challenges and Opportunities**:
i. Opportunity -Better technology and reduced cost long term for energy efficient equipment
ii. Challenges-Aging infrastructure and the challenge of replacing large number of assets at the same time

iii. Challenges-Growing population requires increased energy usage due to higher water demands and waste water transmission and treatment.

d) **Target End Date**: ongoing

e) **Key Performance Indicators**:

i. Water Treatment plant Sustainability/affordability by evaluating elimination of the use of certain chemicals at the City's West WTP

ii. Replace membrane treatment elements at the West WTP

iii. Evaluate alternate water softening technologies

iv. Installation of energy efficient equipment

. **Assist with improving the City's FEMA Community Rating System (CRS) score**

f) **Value to the Community**:

i. Foster comprehensive floodplain management

ii. Reduce and avoid flood risk

iii. Support the insurance aspects of the National Flood Insurance Program (NFIP)

iv. Reduced flood insurance cost for residents and businesses in the City.

g) **Short Term Challenges and Opportunities**:

i. Policy leadership and collaboration across departments working to minimize flood losses

ii. Flood damage reduction, proactive floodplain management planning, flood warning and response

iii. Enforcement of regulations in floodplain to protect development

h) **Long Term Challenges and Opportunities**:

i. Dissemination of information

ii. Requires assistance from a highly qualified group of consultants

iii. Worsening flood risks due to sea level rise and climate change

i) **Target End Date**: ongoing

j) **Key Performance Indicators**:

i. Completion of non-intrusive inspections and rehabilitation of older stormwater, wastewater collection, and water distribution piping networks throughout the utility service area

ii. Continue to conduct educational forums and produce material to assist with educating the community on means to minimize the risk of flood damage

iii. Coordination with the Insurance Service Office (ISO) to achieve a Class 4 rating or better

. **Support the City's greenhouse gas inventory, climate action planning and implementation of green initiatives**

k) **Value to the Community**:

i. Contribute to global effort to mitigate climate change

ii. Establish Boynton Beach as a sustainability leader in the region

iii. Support a clean and healthy environment for all City residents, business and visitors.

l) **Short Term Challenges and Opportunities**:

i. Challenges-Lack of stakeholder knowledge, buy-in and sense of urgency

MISSION STATEMENT AND GOALS

DEPARTMENT: **Utilities** FUND: **401**
DIVISION: **Water / Wastewater / Stormwater Services** DEPT.NO: **All**

ii. Challenges-Short window of time to limit global warming
iii. Challenges-prohibitive state legislation
iv. Opportunities-Regional/global networks and technical assistance organizations
v. Opportunities-Federal funding for climate action

m) **Long Term Challenges and Opportunities**:
i. Challenges-worsening climate impacts
ii. Opportunities-Decreasing cost of renewable and efficient energy technologies
iii. Opportunities-Technology development and innovation

n) **Target End Date**: ongoing, annual GHG inventory, CAP update 2025

o) **Key Performance Indicators**:
i. Complete annual greenhouse gas inventories for Utilities/City operations and Boynton Beach Community
ii. Develop and adopt High Impact Actions for Climate Action Plan (CAP)
iii. Track and report CAP implementation progress
iv. Integrate CAP actions into cross-departmental strategic initiatives

. **Conduct climate vulnerability assessment and implement measures to mitigate risks of flooding and other climate hazards**

p) **Value to the Community**:
i. Reduce climate risks and protect public safety
ii. Build public support for adaptation investments
iii. Improve economic confidence and protect bond rating
iv. Support applications and improve chances for competitive grant funding for projects

q) **Short Term Challenges and Opportunities**:
i. Challenges-Requirement to comply with new Resilient Florida legislations. 380.093 F.S.
ii. Challenges-Limited staff capacity for resilience assessments, grant application and management.
iii. Opportunities-State and Federal funding for climate adaptation and flood mitigation
iv. Opportunities-Regional/global networks and technical assistance organizations

r) **Long Term Challenges and Opportunities**:
i. Challenges-Worsening climate impacts
ii. Challenges-Development pressures in vulnerable areas
iii. Opportunities-Improving climate data and modeling techniques
iv. Opportunities-Increasing knowledge of adaptation strategies

s) **Target End Date**: Ongoing, CCVA September 2022

t) **Key Performance Indicators**:
i. Update climate change vulnerability assessments (CCVA) to comply with s.380.093 F.S.
ii. Complete seawall vulnerability assessment and adaptation plan
iii. Implement capital projects that mitigate flood risks

iv. Apply AccelAdapt tool assessment and Resilience checklist to all stormwater and drainage capital improvement projects.

. **Support public outreach and education about water conservation and environmental sustainability**

u) **Value to the Community**:

i. Engage and empower residents with tangible actions to help the environment
ii. Save residents money with reduced utility bills
iii. Improve quality of life with a clean and healthy environment

v) **Short Term Challenges and Opportunities**:

i. Challenges-Limited staff capacity for public outreach
ii. Challenges-Lack of public interest or competing priorities
iii. Opportunities-sustainability internship and additional staff position to help with these initiatives
iv. Opportunities-Engage school programs and general public to educate and inform, build on existing City programs
v. Opportunities-Partner organization including nonprofits to assist with public outreach

w) **Long Term Challenges and Opportunities**:

i. Challenges-Economic stress and inflation makes it harder to engage public
ii. Challenges-prohibitive state legislation e.g. reduced incentives for using solar energy
iii. Opportunities-Growing environmental awareness and innovative technology

x) **Target End Date**: ongoing

y) **Key Performance Indicators**:

i. Number of conservation kits and rain barrels distributed
ii. Number of public events, presentations and workshops
iii. Website, social media and social newsletter engagement
iv. Partner organization engagement

Golf Course Fund

The Golf Course Fund is responsible for the operation of the Boynton Links Golf Course on Jog Road outside of the City limits. It is one of the few public golf courses that is 100% self-supporting. It has been recognized by Golf Digest as one of the best places to play golf.

Revenues have improved since the installation of new greens in the summer of 2024. The FY 2024-25 operating revenues of $2.93M are projected to increase. The FY 2024-25 adopted budget of $2,010,108 is higher than FY 2023-24 due to anticipated capital improvement and equipment purchases.

The projections for FY 2024-25 and FY 2025-26 are increased conservatively at 3%, for revenues and, respectively, 2% and 3% for expenditures. Cart and Green Fees are 95% of all revenues and Personnel services are 51% of all expenditures. The projections reflect continued growth in operations/revenues and containment of cost, both will positively affect the fund balance for Golf.

MISSION STATEMENT AND GOALS

DEPARTMENT: **Golf Course**
DIVISION: **Administration**

FUND: **411**
DEPT.NO: **2910**

DEPARTMENT MISSION STATEMENT:

To build lasting relationships while growing the game of golf through quality programs, a quality facility and sincere customer service. To ensure long-term financial viability for the benefit and enjoyment of present and future golfers.

DEPARTMENT CORE SERVICES:

- To ensure an enjoyable golfing experience
- To provide excellent customer service
- To offer rates which are competitive with area public golf courses
- To grow the game
- To present the golf course in a consistent and well-groomed manner

STRATEGIC PLAN INITIATIVES AND DEPARTMENT INITIATIVES ALIGNMENT:
Strategic Goal: High Performing Organization
Department Initiatives/Actions Alignment: Upgrade irrigation pumphouse and in-take line

. Remove invasive tree species as required by law throughout the facility.
. Upgrade gutters around clubhouse and cart barn
    i. Allow water to be moved off each roof properly and protect the integrity of each roof

a) **Value to the Community:**
    i. Enhanced golf course conditions that will provide better facility and course conditions to City residents

b) **Short Term Challenges and Opportunities:**
    i. Supply-chain challenges
    ii. Inflated cost

c) **Long Term Challenges and Opportunities:**
    i. Decreased water usage due to more efficient in-take line and well
    ii. Decreased energy usage
    iii. Improved golf course infrastructure condition and golf course conditions

d) **Target End Date**: June 2024

e) **Key Performance Indicators:**
    i. Decreased sand/sediment in irrigation heads and lines
    ii. Decreased water and energy usage compared to prior years
    iii. Increase quality of golf course – health and appearance
    iv. Increased customer satisfaction of golf course conditions

MISSION STATEMENT AND GOALS

DEPARTMENT: **Golf Course** FUND: **411**
DIVISION: **Administration** DEPT.NO: **2910**

Strategic Goal: Environmental Sustainability
Department Initiatives/Actions Alignment: Maintain Audubon International certification

. Maintain Audubon International certification by practicing water conservation and management, limiting chemical use, and promoting environmental and wildlife education outreach.

a) **Value to the Community:**
   i. Limit local environmental impact by reducing fertilizer run-off into lakes and canals
   ii. Conserve water usage by irrigating only necessary turf areas, and using rain gauge auto shut-off feature
   iii. Promote environmental and wildlife education through enhancement of local wildlife habitats

b) **Short Term Challenges and Opportunities:**
   i. Weather/drought conditions affecting water usage on the golf course
   ii. Community involvement and interest
   iii. Government involvement in "green" initiatives

c) **Long Term Challenges and Opportunities:**
   i. Staff shortages
   ii. Weather/drought conditions affecting water usage on the golf course
   iii. Government involvement in "green" initiatives

. **Target End Date:** Ongoing

. **Key Performance Indicators:**
   iv. Overall healthiness of bodies of water on golf course compared to prior year
   v. Quarterly water usage comparison to prior year
   vi. Annual count of wildlife species on golf course

Customer Analysis

The Links at Boynton Beach has a diverse customer base of varied skill levels, ages and economic status. Our customers include Boynton Beach residents, Palm Beach County residents, along with the surrounding counties. Juniors and Veterans will become a focus for The Links in 2024.

Market Analysis

The golf market can be broken into a number of different segments that are based on age, ethnicity, sex, household incomes, frequency of play, types of facilities played, etc. The Links focused on all these segments.

Recent data from the National Golf Foundation (NGF) indicate that in 2020 there were 36.9 million golfers and over 502 million rounds played nationally. 2020 also saw the largest increase in beginner golfers and the highest

increase in Junior golfers since 1997. The data indicates that COVID-19 was a very significant factor for this increase.

Golf fees at The Links are evaluated against many public golf courses in Palm Beach County including municipality courses and privately-owned daily fee golf courses. The Links offers competitive pricing. Of the ten nearest facilities, The Links is positioned as the third lowest fee structure while being within $3.00 of the lowest two.

SWOT

Strengths-

- Customer service
- Public perception of golf course conditions
- Pricing
- Management, staff and volunteers
- Free access to practice facilities
- Customer loyalty

Weaknesses-

- Staff training and onboarding
- Marketing and social media presence
- Communication with customers
- Food and beverage vendor
- Hiring process length of time

Opportunities-

- Staff training and onboarding
- Improve team communication
- Improve food and beverage opportunities
- Develop additional loyalty programs
- Establish a consistent Pace of Play policy and implement it
- Golf course improvements to exceed on-course expectations
- Constant customer traffic
- Community outreach
- Get to Yes to create a better relationship between customers and team members as it relates to course guidelines

Threats-

- Golf fees not keeping up with rising expenses in the short term could cause delays in capital projects/ repairs and maintenance
- Increased demand will strain the tee sheet availability leading to more golfer complaints
- Rising inflation will decrease individual's disposable income leading to the public choosing to no longer spend their dollars on golf
- Difficulty and the time needed t play golf will continue to make it difficult to grow the game with the younger generations. It will challenge us to develop good player programs and less time-consuming golf opportunities
- The growth of off-course golf facilities impacting overall demand for on-course play
- Changes in the labor market and rising payrolls continue to put pressure on labor availability and increased difficulty finding the right staff members
- Weather
- Water restrictions and quality of water

MISSION STATEMENT AND GOALS

DEPARTMENT: **Golf Course** FUND: **411**

- Multiple groups play weekly
- Private lessons for both adults and juniors

Future Outlook

The Links at Boynton Beach will be developing operating and pricing strategies in an attempt to offset downward trends. The supply of available public golf courses has decreased in the past few years mostly due to golf course closures in and around our market. With increased demand and a reduction in a supply of golf holes, challenges to provide the public with tee time availability have risen and is a growing concern with staff and the public. It will be important for management to address any concerns the public may have regarding tee time availability. Developing customer loyalty is a priority, with a focus on new golfers to The Links at Boynton Beach.

MISSION STATEMENT AND GOALS

DEPARTMENT: **Golf Course**
DIVISION: **Administration**

FUND: **411**
DEPT.NO: **2910**

Finally, current trends in the industry show that more golf is being consumed by off-course golf consumers (Top Golf, Drive Shack). These trends must be monitored, and new programs designed, developed, and promoted to get those off-course consumers onto The Links at Boynton Beach.

Traffic Fund

This fund was established to maintain the financial operations of "Red Light Camera Program" in FY 2011-12. There are ongoing legal challenges to the red light camera program in Palm Beach County and the state of Florida thus revenues will vary annually.

In the FY 2024-25 adopted budget, $2.6M, the general fund transfer is $1,000K. Conversely, the staff and operational cost for the program has been transferred to the Traffic Fund. For FY 2024-25, the general fund transfer is expected to be reduced from $1,000K to $0.

The Traffic Safety fund is projected to have a negative fund balance thru FY 2023-24. In FY 2024-25 and FY 2025-26 a transfer from the General Fund is needed and/or increase to revenues.

Local Option Gas Tax Fund

This Fund receives the restricted State-shared Local Option Gas Tax that can be used only for "Transportation Expenditures" as defined in the Local Option Gas Tax Fund section of the budget. The City uses the funds for both street maintenance activities in the General Fund and roadway or bridge projects in the Capital Improvements Fund.

The projected revenue from the gas tax and interest earnings for FY 2024-25 is less than $1.4M with similar funds being appropriated thru FY 2025-26.

LOCAL OPTION GAS TAX FUND

GUIDELINES FOR ALLOCATION

Proceeds of the tax shall be distributed among the County Government and eligible municipalities based on the transportation expenditures of each of the five fiscal preceding years, in proportion to the total County and City expenditures.

The Local Option Gas Tax can be used only for "Transportation Expenditures":

- Public transportation operation and maintenance
- Roadway and right-of-way maintenance and equipment
- Roadway and right-of-way drainage
- Street lighting
- Traffic signs, traffic engineering, signalization and pavement markings
- Bridge maintenance and operation
- Debt Service and current expenditures for transportation capital projects in the above program areas including construction or reconstruction of roads

Community Improvements Fund

The Community Improvements Fund is responsible for providing property and housing improvements to income eligible individuals and families. Funding for the Community Improvements Fund comes mainly from two sources: Transfers from (1) State SHIP Funds and (2) Federal Community Development Block Grant (CDBG) Funds.

The SHIP & CDBG revenues stream is increasing from $208K in FY 2022-23 to $5 18K in FY 2024-25. For FY 2024-25 thru FY 2025-26, the fund balance and operating cost for housing rehabilitations is not sustainable. Lowering expenditures and/or seeking other grant opportunities would resolve the deficit.

MISSION STATEMENT AND GOALS

DEPARTMENT: **Building**
DIVISION: **Building**

FUND: **130**
DEPT.NO: **2411**

CITY VISION STATEMENT: A welcoming and prosperous coastal community that exemplifies inclusion, equity, and resilience.

CITY MISSION STATEMENT: Provide excellence in service through high-performing teams, who demonstrate servant leadership.

BUILDING DEPARTMENT MISSION STATEMENT: To promote life safety, health, and welfare for the Community and Stakeholders of the City of Boynton Beach through the Construction Phase of the City's Development Cycle and enforcement of the Florida Building Code, Floodplain management, Federal, State and local amendments regulations for the construction of safe sustainable buildings for the residents, business owners and visitors of the City of Boynton Beach.

DEPARTMENT CORE SERVICES:

- Provide accessible and exceptional customer service to property owners, contractors, developers, and business owners within the City.
- Perform plan review to ensure compliance with the Florida Building Codes, local amendments, floodplain management, and Federal and State regulations.
- Perform inspections to ensure the construction is consistent with approved documents and all applicable codes and regulations.
- Educate residents, contractors, and business owners of the Building Department permitting process, software, plan review, inspections, FEMA floodplain regulations, and local building and flood amendments all while seeking voluntary compliance.
- Proactively identify and abate buildings and structures in disrepair or unsafe public nuisances.
- Provide continued education and training for inspectors, plan reviewers, and floodplain managers.

STRATEGIC GOALS VALUE, CHALLENGES, & OPPORTUNITIES:

Building Wealth in the Community

.

Objective 1: Ensuring commercial and residential buildings are safe and accessible for customers, staff, and residents by continuing education and training for inspectors and plan reviewers

i. Accessibility
ii. Flood management
iii. Trade-specific training for building, plumbing/gas, mechanical, electrical
iv. Target completion date: Ongoing

Objective 2: Building relationships with developers and contractors

i. Providing pre-application meetings to provide insight into the application and plan review process. Plan reviewers provide contact information to discuss comments and to proactively contact the DOR after the second review cycle to review comments. Assigning intake staff to oversee large development projects.

ii. Providing pre-construction meetings to provide insight into working hours, site access by staff and emergency personnel, inspection scheduling, field documents, and final required documents for CO.

iii. Target completion date: Ongoing

Parks & Recreation Trust Fund

This Park & Rec Trust Fund is used for the acquisition or development of City park and recreational land. The revenues are generated via impact fees collected from developers.

The FY 2024-25 adopted budget, $1,280,087 32,800 increase from $175,260 506,004 in FY 2023-24. The change in budget appropriation reflects contractual services activity and/or capital improvement projects related to parks.

FY 2023-24 shows a fund balance of $546K that is projected to grow to $930K by FY 2025-26. This will offer management the opportunity to improve existing parks or build new parks.

Public Arts Fund

The Public Arts Fund was established to account for art fees from infrastructure development in the City. The fees are used by the City to establish and sustain a public art presence in the City. In FY 2021-22, the expenditures exceeded revenues – this triggered a deficit in the fund balance (due to the decrease in building activity).

FY 2021-22 saw revenue increases due to building licenses and permit fees in the Public Arts Fund. For FY 2024-25, total adopted revenues are $600,000 with expenditures at $472,529. Current and future revenues thru FY 2024-25 are tied to building activity and challenging to predict. The projected expenditures reflect a 3% annual increase. The goal is to improve the financial health of the fund.

The General Fund transfer ($20K) supports the community-wide Kinetic Art project.

DEPARTMENT VISION STATEMENT:

A fully inclusive public art program of artworks and art events that signals to the community and its visitors the welcoming spirit, prosperous trajectory, proud equity and determined resilience of Boynton Beach.

DEPARTMENT MISSION STATEMENT:

Successfully collaborate with multiple City departments, property owners and diverse communities to develop and deliver enhanced public spaces within the culturally distinct districts through the works and thoughts of artists.

DEPARTMENT CORE SERVICES:

- Lead the implementation of the Art in Public Places ordinance and guidelines
- Staff the Art Advisory Board
- Maintain the City public art collection
- Produce art events including the Kinetic Biennial and art exhibitions

STRATEGIC PLAN INITIATIVES AND DEPARTMENT INITIATIVES ALIGNMENT:

City Initiative No. 1: Culturally Distinct Districts

Create unique cultural districts for business and entertainment to serve as the foundation that connect businesses, residents, and visitors. (Downtown, Medical, Heart of Boynton, Congress, Station Area, Woolbright, Federal, Brewery, others)

. **Value to the Community**

a) Visual identity expressing the aspirations of the residents and businesses in each district, including their cultural diversity.
b) Connect people in each district through dialogue and activities when developing art projects, making the art and/or enjoying the art.
c) Dynamic art projects and events that attract the mass media, cultural media and social media to promote the districts to a wide audience in Palm Beach County including tourists and seasonal residents.
d) Successful placemaking that attracts customers to walk business areas and to patronize existing and future businesses.

. **Short Term Challenges and Opportunities**

e) Lack of standing district-focused community organizations for collaboration on objectives.
f) Existing positive attitude regarding the potential of public art by major developers and some smaller developers especially in Downtown, Federal and Medical districts.
g) Competition for the limited mass media attention without a budget to purchase advertising.
h) Large numbers of talented, culturally diverse artists ready to apply for art commissions to meet the needs of each district and project.

Recreation Program Revenue Fund

The Recreation Program Fund is established to provide recreation programs for City and non-City residents based on 100% user fees. A surcharge is made for non-residents. For FY 2024-25, total revenue for recreation programs is projected at $402,700 (needing $32K from fund balance). The operating expenditures of $406,968 which includes a transfer to the General Fund and reserves..

This is an important bridge to providing recreation programs to income-eligible persons or families. The Recreation Program Fund will need to continue to lower program expenses or adjust user fees to increase revenues to have a healthy Fund Balance. FY 2023-24 and FY 2024-25 projects reflect a 2% increase in both revenues and expenditures, as such, no financial concerns anticipated for the service that is being provided to the community.

Debt Service Fund

DETAIL EXPENDITURES

DEPARTMENT: **Debt Fund**
DIVISION: **Debt Service**

FUND: **207**
DEPT.NO: **3011**

The City issued Public Service Tax Revenue Bonds in the past secured solely by all public service and communications service taxes. Beginning in FY 2008-09, this fund now receives all of the taxes directly to pay debt service on bond issues for capital construction projects. Previously, some of these taxes were credited directly to the General Fund or the Capital Improvement Fund. As a result, the total amount of taxes available and allocated was not clear in a single budget or accounting schedule. We now continue to show all revenue in the Public Service Tax Debt Service Fund.

The City is projected to receive a total of $11.4M in Public Service Taxes in FY 2024-25. Of this amount, $2.4M is budgeted for required debt service payments with $9M transferred to the General Fund and a $600K transfer to the Capital Projects fund. The future years, thru FY2024-25, show a decline in the fund balance which may require reduction in the amount of transfers.

Fleet Maintenance Fund

DETAIL REVENUES

DEPARTMENT: **Public Works**
DIVISION: **Fleet Management & Mobility**

FUND: **501**
DEPT.NO: **2516**

The Fleet Fund is an internal service fund that is responsible for the repair and replacement of all City vehicles. Funding for fleet operations comes 100% in the form of vehicle service charges and transfers from user departments for vehicle prefunded replacement based on a schedule that varies from department to department depending on the vehicles used, estimated life of the vehicle and intensity of use. The Fleet budget has decreased to $13.5M from FY 2023-24 budget of $18.8M due to replacement & acquisition of a smaller fleet for FY 2024-25. The vehicle purchases budget for FY 2024-25 is $0M compared to $12.6M in FY 2023-24.

For the projected FY 2023-24 and FY 2024-25 revenues are increased by 4% due to repairs, and cost escalation for parts and repairs service provided to City departments. The projected expenditures reflect no increase over the prior year. The benefits are recognized in the change in Net Assets.

MISSION STATEMENT AND GOALS

DEPARTMENT MISSION STATEMENT:

The Fleet Maintenance Division is committed to providing the highest quality of service in the most cost effective and efficient manner. Fleet Maintenance is also dedicated to environmental sustainability. The Mission of the Fleet Management Division is to provide safe, reliable efficient and economically sound fleet maintenance support and services that are responsive to the needs of customer departments to enable them to provide effective services to our residents

DEPARTMENT CORE SERVICES:

- Provide quality service to ensure that departments throughout the City can provide their organizational mission.

STRATEGIC GOALS AND DEPARTMENT VALUE, CHALLENGES AND OPPORTUNITIES

STRATEGIC GOAL: High Performing Organization

. **Value to the Community**:
  a) Ensure the fleet is operational so that the City can provide its services.
. **Short Term Challenges and Opportunities**:
  b) Intense use results in increased maintenance
  c) Adequate staffing (turnover)
  d) Performing scheduled maintenance and keeping parts in stock
  e) Cost fluctuations and scarcity due to market conditions
. **Long Term Challenges and Opportunities**:
  f) Ensure technicians are aware of the latest automotive technology through the original equipment manufacturer and professional organizations.
  g) Procure Software that will allow managers to track service and time to provide service.

STRATEGIC GOAL: Environmental Sustainability

. **Value to the Community**:
  a) Adopt cleaner and more efficient fleet will have economic benefits for the City
. **Short Term Challenges and Opportunities**:
  b) Hybrids and electric vehicles cannot replace Police, Fire, Solid Waste and other working vehicles.
  c) Cost of Hybrids and Electric vehicles is high and they are more difficult to maintain.
  d) Prefunding amount doesn't always cover the cost of the new vehicle.

c. Long Term Challenges and Opportunities:

  a) Overcoming preconceived notions about the maintenance of vehicles
  b) As technology develops, staff will have to reevaluate the applicability to the fleet.
  c) Time and Cost of training staff to maintain electric vehicles.

MISSION STATEMENT AND GOALS

DEPARTMENT: **Public Works**
DIVISION: **Fleet Management & Mobility**
FUND: **501**
DEPT.NO: **2516**

STRATEGIC GOAL: High Performing Organization

. **Objective** 1: Provide full inspection of vehicles on scheduled intervals.
  a) Initiative 1: Inform customers via maintenance reports, PM reports, and emails.
  b) Initiative 2: Monitor technician productivity to ensure quick turnaround time.
  c) Initiative 3: Ensure technicians are aware of the latest automotive technology through the original equipment manufacturer and professional organizations.
    i. Target completion date – Continuous throughout the year
    ii. Key performance indicators – Customer feedback and later this year use the software that tracks performance.

STRATEGIC GOAL: Environmental Sustainability

. **Objective** 1: Evaluate which operations in fleet can be productive with electric vehicles
  a) **Initiative 1: Initiative supporting the objective**: Work with Departments about possible applications
    i. Target completion date – Continuous throughout the year.
    ii. Key performance indicators – Departments request for vehicles that are scheduled for replacement

Materials & Distribution Fund

This is an internal service fund responsible for bulk purchases and storage, record storage, replenishment and delivery of commodities for departments. Materials & Distribution is a division of the Financial Services Department working closely with Procurement Services.

The Materials & Distribution division receives funding from charges for services to operating departments of the City, anticipated FY 2024-25 revenues are $593,537. The operating expenses for the Materials & Distribution Fund in Fiscal Year 2024-25 are $563,244.

FY 2022-2025 thru FY 2024-25 has the City's Materials & Distribution Fund realizing modest improvements in Net Assets. The projected years through FY 2024-25 with a 3% increase in both revenues and expenses will provide the opportunity of maintaining minimal inventory levels while still meeting the needs of the City. Management will continue to analyze the internal service charges to other Funds/Departments to prevent any operating shortfalls in the future.

. Conduct spot checks and monthly sectional counts
. Conduct quarterly and year-end counts
. Maintain minimum level of inventory while providing for the City's needs

Target Performance Metrics (Measurement of Achievement) – INVENTORY

- To have close to zero discrepancies by year-end
- To provide for the City's needs in a timely manner

Department Initiatives Alignment No. 2: PROCUREMENT

. Solicit sealed competitive bids for inventory
. Obtain quotes for smaller purchases
. Establish contracts and obtain quotes for special orders

Target Performance Metrics (Measurement of Achievements) – PROCUREMENT

- Establish low prices due to high volume purchasing
- Establish quicker turn-around time of product with earned buying power

Department Initiatives Alignment No. 3: FIXED ASSETS

. Conduct quarterly inventory
. Document and properly catalog assets according to their description
. Acquire photos of all asset equipment
. Maintain and record all pertaining paperwork involving the life cycle of the fixed asset.

Target Performance Metrics Measurement of Achievement) – FIXED ASSETS

- Correctly document and catalog the fixed asset throughout its life cycle.

Department Initiatives Alignment No. 4: SURPLUS

DEPARTMENT: **Financial Services** FUND: **502**
DIVISION: **Materials & Distribution** DEPT.NO: **1412**

. Sell unwanted surplus for possible revenue
. Dispose fixed asset surplus from system in a timely fashion

Target Performance Metrics Measurement of Achievement) – SURPLUS

- To find a new use for surplus with departments or selling via online auction.

Department Initiatives Alignment No. 5: RECORD STORAGE

. Maintain and update online access for departments
. Conduct inventory with internal tracking numbers

Target Performance Metrics:

- Allowing access for departments to record storage with the most up to date information.

Department Initiatives Alignment No. 6: DELIVERIES

. Maintain accurate delivery of goods to departments.
. Increase frequency of deliveries to ensure quicker turnaround time.

Target Performance Metrics:

- To deliver goods to departments in an accurate and timely fashion.

Department Initiatives Alignment No. 7: EMERGENCY PREPAREDNESS

. Maintain adequate supply of hurricane supplies for departments
. Review and update PPE for pandemic supplies
. Establish contract for hurricane commissary

Target Performance Metrics:

- To maintain adequate supply of supplies for emergency situations

Self Insurance/Risk Mgmt Fund

This is an internal service fund that is responsible for the City's liability insurance program, workers compensation and the safety program. The fund is operating as planned and the staff has instituted excellent safety and loss prevention programs to reduce our exposure.

The budgeted expenses for FY 2024-25 have increased to $6.7M from the $8.3M in FY 2023-24. Revenues are generated from service charges to all departments and are expected to increase 3% next fiscal year. There is an improvement in the fund balance in future fiscal years.

The Self-Insurance/Risk Management Fund with projected years through FY 2024-25 with increases of 3% for revenues and 2% for expenses still does not improve the deficit in Net Assets. Currently, this trend has forced management to examine the internal service charges to other Funds/Departments and educate staff on methods to mitigate losses/safety/incident prevention.

Benefits Fund

This is an internal service fund that is responsible for all the expenses tied to the City's self-insured plan.

Boynton Beach has established, from operating revenues, an internally designated Employee Benefit Fund to cover reserve requirements for its medical and prescription drug self-insurance program. Determination of these reserves is based on regulatory requirements, market conditions and risk management experience.

In respect to the reserve requirements for the health and medical insurance plans input is also provided from the Department of Insurance, the regulatory body responsible for oversight of all self-insurance health and medical plans. Reserve requirements will be reviewed annually and approved by the Director of Financial Services.

The budgeted expenses for FY 2024-25 total $6.7M. Revenues are generated from service charges to all departments and are expected to increase 7% next fiscal year.

Cemetery Fund

The Boynton Beach Memorial Fund is the City's Fund for operating two cemeteries in the City. City staff manages the two cemeteries with policy direction by the Cemetery Advisory Board. For FY 2024-25, the Cemetery Fund expects only $83.5K in revenues compared to $178K in FY 2023-24. The City anticipates that the cemetery operational expenditures will be $376K of the $463K proposed budget. This will require a $ 359K appropriation (reduction) of the fund balance in the Cemetery Trust Fund.

The FY 2024-25 projected fund balance of $ 1.5M will continue to decrease through FY 2024-25. This economic situation exists because of limited availability of graves and crypts and the required maintenance of cemeteries.

FUND: **631/632**
DEPT.NO: **3110**

DEPARTMENT MISSION STATEMENT:

Provide an affordable, well maintained final place of rest, where family, friends and the community can be at peace with their loved ones.

DEPARTMENT CORE SERVICES:

- Maintain high level of perpetual care at cemetery during services
- Grounds maintenance year round

STRATEGIC GOALS AND DEPARTMENT VALUE, CHALLENGES AND OPPORTUNITIES

STRATEGIC GOAL: High Performing Organization

. **Value to the Community**:
  a) Provide an affordable, accessible location for interment.
. **Short Term Challenges and Opportunities**:
  b) The cost of maintaining the Cemetery increases from year to year
  c) Equipment needs maintenance and repairs.
  d) Fewer and fewer spaces are available each year.
. **Long Term Challenges and Opportunities**:
  e) Additional Cemetery space should be planned.

STRATEGIC GOAL: Environmental Sustainability

. **Value to the Community**:
  a) A peaceful location for the community to visit in remembrance of their loved ones.
. **Short Term Challenges and Opportunities**:
  b) Replace the irrigation system
. **Long Term Challenges and Opportunities**:
  c) Add language to the sales agreements that will allow the city to reclaim the plots after 100 years of occupancy.

STRATEGIC GOALS AND DEPARTMENT OBJECTIVE, INITIATIVES/ACTIONS, KPI ALIGNMENT:

STRATEGIC GOAL: Culturally Distinct Districts

. Objective 1: Continue to work on adding more lots for Sara Sims Cemetery.
  a) Initiative 1: Look at potential land to purchase.
    i. Continue to work on plans to acquire land and site designs.

Capital Improvements

CAPITAL IMPROVEMENT PLAN
GOVERNMENT PROJECTS (page 463 to 623)

This section will provide information on the City of Boynton Beach Capital Improvement Plan (CIP), which is presented over a five-year period; internally the City develops a ten-year CIP. The CIP process of identifying the City needs for repair/maintenance/modifications begins during the months of December thru February of each fiscal year.

The CIP Committee (composes of senior/project managers and directors from Public Works, Financial Services, Information Technology Services, Recreation and Parks, Fire and Rescue, Police, Utilities, the Assistant City Manager and the City Manager) guides the annual CIP development process for projects that exceed $15,000 for the projected five-year period. The Public Works director (plus City Engineer), and Finance departments are jointly responsible for preparing and maintaining the City of Boynton Beach's Capital Improvement Program and coordinating the development of the annual five-year CIP document with the guidance of the CIP Committee. The CIP process includes project prioritization, determining financial impacts to both operating and capital accounts, identifying potential funding sources, and providing monthly financial reports on the projects and fund balance. The recommended projects may be related to infrastructure modifications, new facilities, major equipment purchase, technology, and major renewal and replacement. A final CIP list of projects is submitted to the Commission for review and approval at the July workshops, then adopted in September, and then included in the final publication of the budget.

CIP objectives:

- Replacement and expansion of City facilities, i.e. Hester Center and Little League Park
- Enhance service for the residents and visitors in the City of Boynton Beach, i.e. Boynton Beach Blvd. Extension and Intracoastal Artificial Reef
- Meet regulatory and/or Commission mandates, i.e. Transportation/Street and Utility projects
- Reduce cost and/or generate revenue (addition of a future hotel in the downtown area)
- May ensure/enforce the health and safety needs of the residents, i.e. Lift Station 317 Upgrade

The CIP is divided into two major sections: Governmental and Enterprise. The Governmental section consists of General Government, Recreation and Parks, Public Safety, Information Technology, and Transportation/ Roadway projects. The General Government projects are budgeted in primarily the Fund 302 and Fund 303. Fund 303 has only renewal and replacement projects which are supported by one-cent Surtax dollars for a period of 10 years (an oversight board was established to monitor the usage of these public dollars). The Enterprise section includes Golf Projects (Fund 412), pages 616 to 623, and all Utility projects (related to Water, Sewer, Stormwater, Reuse Systems, and the Regional Plant).

Important terminologies:

Source of Funds represents projected or expected revenues; i.e. sales tax funds, grants, bonds, fund transfers, fund balance (FB) or reserves.

Use of Funds represents appropriations/committed funds and planned expenditures in the future for projects.

Utility Projects Overview

The City of Boynton Beach Utility Department works within a consumptive use permit issued by the South Florida Water Management District which dictates the amount of natural resource that can be withdrawn for treatment and distribution.

The Utility CIP continues to be affected by factors and trends, such as, customer growth due to continued real estate development or population growth, maintaining capital reserves, and general balancing act of a rate

structure for charges. The City will continue to review project expenditures, identifying new revenues, and improvement to its procurement process in order to gain the best economic advantage.

The Utility source of funding includes grants, debt, capacity facility fees, and fund reserves. The Utility projects are budgeted primarily in Fund 403 and Fund 404 (which is utilized for expansion related projects). See pages 557 to 615 for all Utility Capital Fund details and related capital project(s) information.

Major Projects (with impacts on the Operating Budget)

There are various Capital Improvement Projects listed for FY 2024-25 and carry-over projects from FY 2023-24 that will impact future operating budgets for both the General Fund (001) and the Utility Operating Fund (401).

The major General Government projects that have continued from FY 2023-24 and affect the General Fund operating budget in FY 2024-25 are: the SE 1st St Roadway improvement project (over $3 million) and SE 36th Ave (Gulfstream Blvd) Rehabilitation (in excess of $1.5 million). The Little League Park Renovations (Phase II) $1 million project consisting of the development of an Indoor Training Facility, additional parking, new restroom and concession, relocate Fields 2, 3, and 4 and provide a new Field 5, a custom designed field.

The replacement of the Datrium Server (Phase II) is a major Information Technology capital improvement project at Fire Station No. 5. This project will cost the City $75,000 for FY 2024-2025. The Fire Department's Phoenix Alert System project, $800,000, will reduce response time and totally integrate with the Fire CAD, Motorola radio and Dispatch Systems This helps to reduce and/or eliminate dispatcher "on-hold" time.

Throughout the Surtax Fund 303, there are many security camera projects tied to the City's focus on Public Safety which will result in annual maintenance cost of approximately $5,000 to $10,000 per camera system.

Both Fund 302 and Fund 303 have a combined budget of over $6.5 million dedicated to roadway projects that will lower routine maintenance cost for City roads.

Although the Utility Capital Funds (403 & 404) have major water and sewer projects, most are renewal and replacement projects which will produce savings as opposed to additional operating cost and improve drainage/sewer issues. The planned water/sewer/stormwater capital improvement project for the San Castle and Heart of Boynton Improvement will provide savings and generate revenues in the operating budget. Additionally, the various Lift Station projects will improve the infrastructure and contain maintenance costs.

Note the CIP Priority Ranking represents:

High = Safety/Commission Mandate

Medium = Maintain Level of Service

Low = Moderate benefit

Project Description

The Public Safety Radio Tower project represents a critical infrastructure upgrade designed to safeguard community communication capabilities. By replacing a severely corroded existing tower with a modern, resilient communication structure, the initiative ensures uninterrupted emergency response and public safety communication networks. The comprehensive replacement includes advanced antenna systems, strategically engineered to enhance signal reliability and operational effectiveness across the County's critical communication infrastructure.

Project Justification / Business Case

This project will replace the 35-year-old 320-ft lattice radio tower at 515 NW 14th Court. It is a critical infrastructure project necessitated by severe structural deterioration. A comprehensive inspection revealed extensive corrosive damage compromising the tower's integrity. As a pivotal component of Palm Beach County's regional public safety communication network, this project ensures uninterrupted emergency communications and maintains the reliability of critical infrastructure essential for community safety.

Risk / Challenges

Failure to replace the aging radio tower could precipitate a catastrophic communications failure, potentially compromising emergency response capabilities and leaving Palm Beach County vulnerable to critical communication disruptions during crisis situations.

Project Description

The project involves the procurement of two ADA-compliant restroom trailers to provide accessible, high-quality temporary sanitation facilities that meet Americans with Disabilities Act standards.

Project Justification / Business Case

The procurement of two ADA-compliant restroom trailers is essential to ensure accessible, sanitary, and regulatory-conforming temporary facilities that meet Americans with Disabilities Act standards. These mobile restroom units will provide fully accessible amenities with wide doorways, supportive handrails, ample turning radius, and specialized fixtures designed to accommodate individuals with mobility challenges, thereby supporting inclusive and equitable facility provisions for all users..

Risk / Challenges

The procurement involves navigating intricate vendor selection processes, managing transportation and deployment logistics, and addressing potential equipment reliability concerns while maintaining stringent ADA standards for users with diverse mobility requirements.

Project Description

Regular replacement cycle for semi-rugged laptops used by Patrol.

Project Justification / Business Case

"Recurring technology replacement program for the Police Patrol laptops on a 5 year replacement cycle. Semirugged laptops are required to withstand heat, vibration, and field use by Patrol officers. The replacement is uneven across years due to insufficient funding in past years resulting in a spike in later years for replacements. This will ensure officers have access to law enforcement systems and data required to perform their duties in the field.

Project Description

With the construction of Wells Landing, the CRA wants MLK Blvd., from Seacrest to Federal Highway, to reflect the street scapestyle and lighting required of the Wells Landing Project.

Project Justification / Business Case

The street had drought tolerant landscaping planted along MLK, 2 years ago. With the new development, a face lift is needed to make the area more presentable.

Project Description

Upgrade of the roadway crossing to allow for a smoother roadway crossing effort. Specifics are determined by the FEC R/R and given to the City after finalization. They advise the City as to the prorated cost.

Project Justification / Business Case

Per November, 1949 Agreement between the FEC R/R and the City requires joint participation of all roadway/railroad crossings repairs/upgrades with the City limits.

Project Description

Designing and permitting a Pedestrian crossing across E. Ocean Ave, at the intersection of E. Ocean Ave and NE/SE 6th Street

Project Justification / Business Case

There is currently no crosswalk for pedestrians to cross E. Ocean Ave. at this location, so people are crossing the street at high risk. The crosswalk will help people cross safely, with a signalized traffic light for pedestrians. This is a joint project

Project Description

The Construction Administration portion of the construction improvements to SE 1st Street (Design and construction of a shared use path on both sides of SE 1st St from SE 2nd Ave to Woolbright Rd. This project will include drainage improvements.)

Project Justification / Business Case

This is a shared project with FDOT. Per the grant we have with them, the Construction Administrator needs to be an external party to ensure we receive the funds we were awarded.

Project Description

Design and Construct sidewalk ramps at intersections.

Project Justification / Business Case

Many sidewalks approach street intersections without the benefit of ramps. Therefore, they are not suitable for access by many disabled persons. This will be a recurring expense if funding available.

Risk / Challenges

If we do not keep the maintenance of the sidewalks/ADA up to code; there will unsafe conditions and inacessible areas for ADA

Project Description

Datrium Replacement Phase II. This is to complete the final phase of the Datrium Replacement project for business continuity and disaster recovery.

Project Justification / Business Case

The PD virtual infrastructure environment which houses 90 percent of all servers was on a system called Datrium. The product was abruptly made end of life due to a purchase of the company. This system was replaced by Nutanix in FY23. There was not enough funds available to complete the business continuity and disaster recovery portion of this project. An additional $75,000 will be required with the funds left over in the existing CIP to complete the project.

Project Description

Upgrade of security cameras that can be monitored and recorded will deter crime and provide enhanced security in public areas as well as provide an additional law enforcement tool for monitoring and investigating unwanted, unauthorized, or illegal activity. The security cameras will be approaching end of life and will need to be replaced. This project also includes a recording server.

Project Justification / Business Case

Procurement and upgrade of a security camera system that integrates with the citywide camera system. The cameras will provide video coverage of prioritized areas, allowing for improved real-time situational awareness as well as recording for investigative purposes.

Project Description

Replace the station recall system to improve the communication of calls dispatched.

Project Justification / Business Case

As we strive to enhance our operational efficency and ensure the safety of our citizens, we have recognized the need to invest in a new FSA system. Currently we use an antiquated Zetron FSA to alert the stations. The systems utlilizes the radios tone along with the dispatcher's voice to alert our stations. The dispatchers have to wait around five (5) seconds for the tone to end before they can start speaking, otherwise their voice is cut off by the tone. If dispatch does not wait until the end of the tone, crucial information is missed for the call being dispatched, which delays response times.

Risk / Challenges

Continuing to operate utlizing the older system affects the deparment response times and wellbeing of our fire firefighters

Project Description

The sealant between the Exterior Concrete wall panels of Station # 5-EOC are 15 years old, with little to no mainntenance throughout the years this Sealant is starting to show wear which will lead to failure in the near future. This project would remove and replace all of the sealants and backer road, eliminating the possibility of sealant failure.

Project Justification / Business Case

This Building is 15 years old and the maintenance project is overdue.

Risk / Challenges

Risk of not maintainning the Exterior Sealant could pose water instructions, insect infestation, and health issues of the occupants

Project Description

Paint the entire Interior of the Cultural Center with a satin finish in lieu of Flat as it currently is.

Project Justification / Business Case

The interior of the Cultural Center needs to be repainted with a new satin finish to eliminate the constant paint touch-ups. Satin finish will allow the walls to be more resillent against marring, and easily cleaned.

Risk / Challenges

The cost of not repainting the interior with a satin finish will create a continuous maintenance of wall paint touch up with staff resources.

Project Description

Upgrade of security cameras that can be monitored and recorded will deter crime and provide enhanced security in public areas as well as provide an additional law enforcement tool for monitoring and investigating unwanted, unauthorized, or illegal activity. The security cameras at the site are end of life and need to be replaced. This project also includes a recording server.

Project Justification / Business Case

Procurement and upgrade of a security camera system that integrates with the citywide camera system. The cameras will provide video coverage of prioritized areas, allowing for improved real-time situational awareness as well as recording for investigative purposes.

Project Description

Conduct feasibility studies for energy efficiency, green infrastructure, and tree canopy for the Utilities' critical assets. Feasibility studies anticipated under this project include, but are not limited to, ASHRAE Level 2 Energy audits and solar feasibility studies at the drinking water plants and lift stations, studies for trees that do not damage utilities infrastructure, and an update to the urban tree canopy assessment conducted in 2020, studies to evaluate potential green infrastructure sites throughout the City service area to improve water retention, storage and drainage.

Project Justification / Business Case

The project offers various benefits, including cost savings through the identification of energy-saving opportunities and potential for renewable energy integration. Furthermore, by mitigating risks associated with trees near infrastructure, the project reduces the likelihood of service disruptions and costly repairs. Green Infrastructure can provide solutions for water retention, storage and drainage in the City's service area by using sustainable practices. These sustainability initiatives align with the Utilities' environmental commitments, enhancing its reputation as a responsible corporate citizen and ensuring compliance with regulatory standards

Project Description

Replaced failed generator at the East Water Treatment Plant with two 1250 kW generators, electrical equipment, piping modifications, programming, and testing.

Project Justification / Business Case

The East Water Treatment Plant is currently operating with a temporary generator. The project will replace failed equipment and provide increased reliability for backup power at the East Water Treatment Plant.

Project Description

Comprehensive risk assessment of our underground utility assets, including water, wastewater, and stormwater systems, as well as lift stations. The project aims to evaluate the current condition, identify potential risks and vulnerabilities, and develop mitigation strategies to ensure the resilience and reliability of our utility infrastructure.

Project Justification / Business Case

For Utility CIP and R&R funds to be used appropriately, the staff needs top make data and fact based decisions for Infrastructure repairs and replacement. Conducting a risk analysis and developing a matrix for risk of failure and consequences of failure will allow staff to prioritize projects and develop projects efficiently.

Risk / Challenges

Without doing risk analysis, the utility can't work proactively but rather reacts to developing situations. This can end up being a higher cost, impact customers and even result in regulatory compliance concerns.

Project Description

Install new chiller and isolation valves between the cooling towers at the District Energy System. Update the Master Plan for the chilled water district, review options for the expansion of chilled water lines to new customers, and provide a plan for the current operations at a reduced demand.

Project Justification / Business Case

The towers do not have isolation vavles, which causes increased water, chemicals, pumps, motors, and electricity to be used. The isolation valves will allow us to use one tower at a time. Ensure continuity of operation of the District Energy System (DES) at Town Square.

Project Description

In conjunction with the City of Delray Beach, the City will hire a consultant to redesign the road. Items to be addressed include drainage, sidewalk/bike lane or multiuse path, and lighting. The cost will be paid for by the City and Delray Beach will reimburse the City for its pro-rata share.

Project Justification / Business Case

No maintenance project, designed to prolong the life of SE 36th Ave (aka Gulfstream Blvd), has been performed in over a decade. The only maintenance has been to patch potholes. Due to the neglect, the road is failing. The City Engineer gave the road a grade F in it's recent condition rating evaluation. The road base is failing causing the road to crack and subside. The road base will need to be reworked (ie engineered) to restore the road's drainage and rideability.

Project Description

Project includes replacing aging fiber ring located at the East Water Plant.

Project Justification / Business Case

The existing fiber ring infratructure is outdated and poses a risk in terms of reliablity, security, and compatiablility with modern systems. A new fiber ring can enhance data transmission speeds and reduce latency, allowing for quicker response times in monitoring and controlling utility operations.

Project Description

This is a multi-year project to replace all IT hardware, upgrades firewalls and network engineering required to improve securty of the Utility Supervisory Control and Data Acquisition (SCADA) system. Replacement inlcudes network switches, servers, and firewalls.

Project Justification / Business Case

The SCADA system controls the Water Plants, District Energy Plant, and Wastewater Lift Stations. A vulnerability assesment was conducted in May - July 2020 which identified some network upgrades that are needed to imporve cybersecurity. Security of our control system is vital to our operational success.

Project Description

Ongoing GIS updates of current layers to ensure the Utiltiy has accurate maps for locating assests, resolving issues, and regulatory requirements for up-to-date maps such as the Palm Beach Health Department (PBCHD) and Floridal Department of Environmental Protection (FDEP).

Project Justification / Business Case

This on-going project is critical to maintain accurate maps and to track assets in the field for all water, wastewater, stormwater, and reclaimed water utilities located within the Utility Department's service area. On-going conversion of electronic as-built and AutoCAD drawings from their current file structure to GIS maps and Modeling systems. This work includes building GIS layers by adjusting coordinates to the standard coordinate system; separating water, sewer, stormwater, and reclaimed water utilities; moving data to the standard layers; recording attribute data; and placing standard symbols for valves, fittings, etc.

Project Description

Install a synthetic turf area on the North side of the driving range tee deck

Project Justification / Business Case

Since the increase in instruction, clinics and tournaments, the north driving range tee deck has been decimated. Grass cannot grow back quickly leaving the tee deck without grass for large amounts of time. Customers are hitting out of dirt instead of grass. New synthetic turf on the north tee deck would offer good, smooth and durable turf option to be used thus allowing the grass time to regrow and be healthier through the winter season

Risk / Challenges

The maintenance department would be required to maintain the upkeep of the synthetic surface.

Project Description

Replace broken and cracked sewer pipe from the clubhouse to the lift station.

Project Justification / Business Case

The oak trees surrounding the clubhouse and crushed, broked and blocked the pipe causing backups in the restrooms and kitchen.

Risk / Challenges

The water to the clubhouse will have to be shut off while the project is being worked on. The project may affect flow of traffic in the parking lot . There may be trees roots that create additional challenges.

Project Description

20 tee decks on the golf course need to be rebuilt, regraded and regrassed

Project Justification / Business Case

Several of the current tee decks on the golf course are in dire need of repair and/ or rebuild. The age of the surfaces are well past their life expectance. Many have challenges with diseases and destructive insects such as nematodes, chinch bugs and mole crickets. Wear and tear on some of the smaller surfaces make keeping the grasses healthy and in good shape difficult

Risk / Challenges

Incliment weather during the summer months may slow the project completion time. The tees will need to be rebuilt during the optimal grass growing time of the year so that they are in the best condition for season.

Glossary

GLOSSARY

Ad Valorem Tax	A tax based on value (e.g., a property tax).
Accrual	A charge incurred in one accounting period that has not been paid by the end of the same period
Annual Budget	A budget applicable to a single fiscal year.
Appropriated Budget	The expenditure authority created by the appropriation ordinances, which are signed into law, and the related estimated revenues. The appropriated budget would include all reserves, transfers, allocations, supplemental appropriations and other legally authorized legislative and executive changes.
Appropriation	A legal authorization granted by the City Commission to expenditures and to incur obligations for specific purposes.
Assessed Valuation	A valuation set upon real estate or other property as a basis for levying taxes.
Audit	an official inspection of an individual's or organization's accounts, typically by an independent entity
Basis of Budgeting	The City's governmental functions and accounting systems are organized and controlled on a fund basis. The accounts within the funds are maintained on a modified accrual basis. Revenues are recognized when measurable and available as current assets. Expenditures are generally recognized when the related services or goods are received and the liability is incurred. Proprietary funds are accounted for on the full accrual basis of accounting
Balanced Budget	A budget where expenditure matches revenue
Bond	A debt instrument in which an investor loans money for a defined period of time at a fixed or variable interest rate
Bond Covenant	A legally enforceable promise made by an issuer of bonds to the bondholders, normally contained in the bond resolution.
Bonded Debt	The portion of indebtedness represented by outstanding bonds.
Budget	A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them.
Budget Document	The instrument used by the budget-making authority to present a comprehensive financial program to the appropriate governing body.
Budget Message	A general discussion of the proposed budget as presented in writing by the budget-making authority to the legislative body.
Capital Expenditures	Fixed assets or capital improvements equal to or greater than $5,000 which has an estimated life in excess of one year.
Capital Projects Fund	A fund created to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by public proprietary than those financed by proprietary and trust funds).
Capital Improvement Plan	The "CIP» is the City's five-year plan for purchasing equipment, projects or public improvements.
CRA	The "CRA" is the Community Redevelopment Agency within Boynton Beach
Debt	An obligation resulting from the borrowing of money or from the purchase of goods and services.
Debt Service Fund	A fund established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.
Depreciation	A reduction in the value of an asset over the passage of time.
Enterprise Fund	A fund established to account for operations financed and operated in a manner similar to private business enterprises (e.g., water, gas and electric utilities; airports; parking garages; transit systems).
Fiduciary Fund	Funds from assets that the government holds as a trustee which cannot be used to fund its own programs.

Fiscal Year	A 12-month period to which the annual operating budget applies and at the end of which a government determines its financial position and the results of its operations (October 1 through September 30).
Full-time Equivalent	A calculated figure from the number of full-time and part-time employees in an organization that represents these workers as a comparable number of full-time employees
Fund	A fiscal and accounting entity with a self-balancing set of accounts in which cash and other financial resources, all related liabilities and residual equities, or balances, and changes therein, are recorded and segregated to carry on specific activities or attain certain objectives in accordance with regulations, restrictions or limitations.
Fund Balance	Net position of a governmental fund (difference between assets, liabilities, deferred outflows of resources, and deferred inflows of resources).
General Fund	The fund used to account for all financial resources, except those required to be accounted for in another fund. The primary operating fund for the City.
Governmental Fund	Funds generally used to account for tax-supported activities
Internal Service Fund	A fund used to account for the financing of goods or services provided by one department or agency to other departments or agencies of a government, or to other governments, on a cost-reimbursement basis.
Local Surtax Funds	The surtax (once cent sales) funds may only be used for infrastructure projects: sidewalks, bridges, schools, parks, technology, and government buildings. In November 2016, Palm Beach County voters approved raising the sales tax from 6 percent to 7 percent. This one-cent sales tax increase took effect January 1, 2017 and will end on December 31, 2026. This revenue source supports capital projects in Fund 303.
Mill	One one-thousandth of a dollar of assessed value.
Millage	Rate used in calculating taxes based upon the value of property, expressed in mills per dollar of property value.
Modified Accrual Basis	The accrual basis of accounting adapted to the governmental fund-type measurement focus. Revenues and other resource increments (e.g., bond issue proceeds) are recognized when they become susceptible to accrual, that is when they become both «measurable» and «available to finance expenditures of the current period». «Available» means collectible in the current period or soon thereafter to be used to pay liabilities of the current period. Expenditures are recognized when the fund liability is incurred except for (1) inventories of materials and supplies that may be considered expenditures either when purchased or when used, and (2) prepaid insurance and similar items that may be considered expenditures either when paid for or when consumed. All governmental funds, expendable trust funds and agency funds are accounted for using the modified accrual basis of accounting.
Non Appropriated Budget	*A financial plan for an organization, program, activity or function approved in a manner authorized by constitution, charter, statute or ordinance but not subject to appropriation and, therefore, outside the boundaries of the definition of an appropriated budget.*
Performance Indicators	A quantitative means of assessing workload and the efficiency or effectiveness of services performed by departments and/or divisions
Pledged Revenues	Funds generated from revenues and obligated to debt service or to meet other obligations specified by the bond contract.
Revenue Bonds	Bonds whose principal and interest are payable exclusively from earnings of an earnings of an enterprise fund.
Rolled-back Rate	Rate that would generate the prior year amount of that revenues excluding new construction.
Special Revenue Fund	A fund used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes.
Transfers (Inter-fund)	Any transfer of money from one budgeted fund to another fund, approved by the Commission.
User Fees	Fees for services provided to the user.
